NAVY ARMS PARLEY COLLAPSES

Sacco and Vanzetti Must Die In Chair

LONG BATTLE JURY QUESTIONS COUNTY SUPERVISOR

IS LOST BY TWO ITALIANS

Massachusetts Governor's Findings Will Send Pair To Death Next Thursday

LEGAL FIGHT GOES ON

Defense Committee Takes New Steps to Prevent Execution of Radicals

(By United Press)
BOSTON, Aug. 4.—More than 10 hours after the rest of the world heard the fateful news, Nicola Sacco and Bartolomeo Vanzetti learned today that what appeared to be their last hope for life had vanished.

"I believe with the jury, that these men are guilty and that they had a fair trial. I furthermore believe that there was no justifiable reason for giving them a new trial."

These words, which formed the conclusion of Gov. Alvan T. Fuller's decision, a 2100-word document, made public last night, were taken to the condemned men this morning by William G. Thompson, director of the legal fight to save them from the electric chair.

At his own request, the chief counsel was permitted to be first to break the disheartening news to the two men, who, unless all signs fail, will pay with their lives one week from today for a double murder committed in a holdup at South Braintree seven years ago.

With Thompson came Mrs. Rosa Sacco, loyal mother of Sacco's two children, and an interpreter. For an hour and a quarter they remained in the death house, talking in low voices.

Condemned—Condemner

Above—Nicola Sacco (left), and Bartolomeo Vanzetti, who must die for the double murder committed in a holdup in South Braintree, Mass., seven years ago. Gov. Alvan T. Fuller (lower), of Massachusetts, ruled last night that they had had a fair trial.

EXTRA GUARDS STATIONED AT U. S. BUILDINGS

Precautions Taken to Prevent Sacco, Vanzetti Reprisals

(By United Press)
WASHINGTON, Aug. 4.—While precautions were taken to protect American embassies, legations and consulates abroad against "reprisals" following the Sacco-Vanzetti decision, extra guards were stationed at government buildings here today.

The first step in this direction was placing by the secret service of additional guards at all treasury entrances, with instructions to exercise "extra vigilance" and admit no persons carrying packages.

At the treasury post office a special guard was ordered to examine carefully all packages presented for parcel post to guard against taking in possible bombs.

Within the state department a special guard stood before Secretary of State Kellogg's office.

Jeffrey Takes Stand In Jail Investigation

FOLLOWING THE appearance, late yesterday of Supervisor George Jeffrey, of Irvine, who was summoned for questioning, representatives of the state traffic department went before the grand jury today.

Inspector Walter P. Greer and Traffic Officer Floyd G. Yoder were among the early witnesses. Both are believed to have testified concerning conditions in the traffic department in the court-house. None of the traffic officers, to Yoder's knowledge, have been intoxicated while on duty, as it is understood, L. J. Heffner previously testified.

Heffner, it will be remembered, was dismissed from the traffic department on Greer's recommendation.

Chief of Police J. S. Martin, of Anaheim, was before the grand jury today to deny, it was understood, statements asserted to have been made to the grand jury by Raymond C. Gorman, discharged Anaheim traffic officer, who was reported to have charged that he was dismissed because he arrested a woman motorist who had influential friends in the sheriff's office.

Jackson J. Parks, former San Francisco newspaperman, now connected with a film company in Hollywood, failed to appear yesterday and preparations were being made by District Attorney Z. B. West, Jr., to start a search for him if he did not appear today.

Mr. and Mrs. John A. Goetz, of Delhi, were waiting to testify today. Among the witnesses who were called by the grand jury yesterday afternoon were Rudolph Goetz, Traffic Officer Walter Meyer, C. N. Harder, chief inspector for the state motor vehicle department, Sacramento, and Paul Swenson, Earl Wood and Andrew Gage, of Fullerton. Former Sheriff C. E. Jackson has been subpoenaed as a witness, it was said today.

District Attorney West today was studying a second refusal of Special Agent Atherton, in charge of the department of justice in Los Angeles, to give the district attorney access to federal files relating to evidence concerning the Orange county jail.

PUBLIC BELIEVES PRESIDENT DESIRES TO VACATE OFFICE

Representative Opinion Expresses Belief Coolidge Is Tired Man

RAPID CITY, S. D., Aug. 4.—A representative cross section of opinion in this representative western town—now the summer capital of the nation—indicates that the man in the street believes President Coolidge definitely renounced the throne when he said he did not choose to be a candidate in 1928.

While the storm of debate rages among politicians, pro and con, the United Press today asked five leading citizens of Rapid City how they, the voters, feel about it.

Only one of the five suggested Mr. Coolidge might resign his position if the next Republican national convention desired to nominate him, and most of them were glad that Mr. Coolidge had decided against another term.

Give Own Interpretations
Their views give a refreshing insight into interpretations placed upon Mr. Coolidge's statement by those not interested personally in politics. Here is what they say: Albert C. Hunt, president of the gas company:

"My first impression was that he is like a good many other people—he is not a candidate. But I think if he is urged very much, he will be a candidate."

George Williams, attorney: "I expected all along that Mr. Coolidge would refuse to take another term."

A. K. Thomas, director of the First National Bank: "I don't know Mr. Coolidge very well, but I have formed the opinion that when he makes a statement he thinks it out beforehand and usually means what he says."

GENEVA MEET IS ADJOURNED IN FAILURE

Experts See Disagreement As Severest Post War Blow For Disarmament

PLENARY SESSION HELD

American, Japanese, British Delegations in Explanation of Proposals

GENEVA, Aug. 4.—President Coolidge's conference to limit auxiliary naval craft—cruisers, destroyers and submarines—collapsed today and its failure was interpreted as the most severe post war blow to hopes for disarmament among the nations of the world.

The failure was announced today in a joint declaration by the delegates of Japan, Great Britain and the United States.

The declaration said the delegations deemed it advisable to adjourn the present conference and submit the problems raised to their respective governments for further study.

Announcement of the purpose to adjourn the session was made at a plenary session, which met this afternoon after having been postponed from Monday, when the collapse of the conference was expected.

Convocation of the next Washington arms conference early in 1931 instead of in November of that year was recommended in the joint declaration.

Gibson Opens Session
Hugh S. Gibson, principal American delegate, opened the plenary session with an announcement that it would be the last meeting of the conference.

Sharp Earth Shock Felt In Southland

LOS ANGELES, Aug. 4.—An earth tremor of general proportions and heavy intensity in some districts was recorded in Southern California at 4:25 a. m. today.

A sharp shock was felt here in the downtown business district, where early morning workers reported that buildings were rocked by the concussion.

The tremor was reported as far north as Ventura, 20 miles up the coast, it extended south to El Centro, but was only of slight intensity in the Imperial valley district.

While some excitement prevailed among early morning risers, no damage had been reported.

Col. H. B. Hersey, head of the U. S. weather bureau here, described the quake as a "gentle, undulating wave." Official records of the tremor showed it began at 4:24-2 a. m. and lasted for about 20 seconds, Hersey said.

EARTHQUAKE FELT BY SANTA ANANS

An earthquake was felt in Santa Ana at about 4:15 this morning. The quake was of an easy, rocking motion, barely heavy enough to awaken light sleepers.

FEAR AMERICAN SHOT TO DEATH BY MEXICANS

Operator of Taxi Service Believed Victim of Firing Squad

NOGALES, Ariz., Aug. 4.—Fear was expressed here today for the safety of Gabe Rendon, former stage line operator of Tucson, who has disappeared following his arrest and confinement in a Mexican military court.

Rendon's wife and his brother, Frank Rendon, expressed the belief that Rendon was the victim of a Mexican firing squad and had been put to death in Nogales, Sonora, by Mexican military authorities for alleged connection with the recent De La Huerta revolutionary movement.

Rendon crossed the international line to Nogales, Sonora, Tuesday, and was immediately taken into custody. Efforts of his relatives, who have come here from Tucson to learn his whereabouts, have brought replies from Mexican officials that he is "out in the hills."

Denies Offer Of Post In Mexico City

WASHINGTON, Aug. 4.—Although friends of Secretary of State Kellogg insisted today that ex-Governor Thomas Campbell, of Arizona, had been approached as a possible American ambassador to Mexico, Campbell today declared the offer had not been made. He intimated he did not desire the place, although he admitted in seeing Kellogg recently he had "talked some about Mexico."

LEAVES TRAIL OF NO-FUND CHECKS

Leaving a trail of no-fund checks behind him in Santa Ana, Los Angeles, Long Beach, Pasadena and probably elsewhere, and unsecured indebtedness of some \$6500, William H. Hanley, for several years acting business manager of The Register, has disappeared.

In fact, he disappeared last Monday, but not until late Tuesday, the federal grand jury in Los Angeles was hearing testimony regarding the alleged run running conspiracy in Orange county, in connection with which more than 25 officials and others are said to be under indictment already.

Among those testifying in Los Angeles yesterday were Louis J. Heffner, B. W. Allen, proprietor of the Green Bay resort, in Laguna Beach, and Frank Howell, former constable in Laguna Beach. All of these witnesses are said to be under indictment. The hearing adjourned without any further action being taken.

SENSATIONAL DEVELOPMENTS IN CHAPLIN DIVORCE ACTION

(By United Press)
LOS ANGELES, Aug. 4.—What was scheduled to have been a proaic court hearing for the purpose of fixing attorneys' fees late yesterday suddenly developed sensational proportions and gave new life to the Chaplin divorce case.

The "certain prominent motion picture actress," who has figured prominently in the bill for divorce filed by Lita Gray Chaplin against Charlie Chaplin, was all but named at the hearing at which the law firm of Young and Young was seeking compensation.

AUNT HET

By ROBERT QUILLEN

"Divorces don't surprise me. With ever' woman on the street a-revealin' her charms, matrimony don't seem to confer no special privileges."

VANZETTI AND SACCA TO DIE NEXT THURSDAY

(Continued from page 1)

today were taking every precaution to prevent any possible outbreak.

State police officers were guarding the governor. A special guard was believed to have been assigned to the state house and other public buildings.

At Worcester, police denied they were guarding the home of Judge Webster Thayer, who presided at the trial, and Chief Justice Arthur P. Rugg, of the Massachusetts superior court. But it was reported both residences were being watched.

A squad of 40 policemen was held ready during the night in anticipation of possible trouble, but the city was calm.

Only extraordinary court action now can prevent the execution.

Wife in Pathetic Vigil

Tired members of the defense committee labored all night at their headquarters on their eleventh hour plans. With the committee Mrs. Rosa Sacco kept a strangely pathetic vigil.

Her children, Dante, 18, and Inez, 6, were not with her. She sat for hours among the little group of sympathizers moaning over and over:

"If they hadn't been Anarchists and if they hadn't been Italians, it never would have happened."

Her words betrayed not only a personal attitude of hopelessness, but seemed also to reflect the dejection of those of the defense forces who have carried the remarkable case from court to court only to come in the end against the stone wall of Governor Fuller's stern verdict. She has had the privilege of visiting her husband now on the 19th day of his hunger strike in prison. Vanzetti, however, has no relatives here to console him.

Governor Fuller's decision was denounced as "unbelievably brutal" by the defense committee in a statement early today.

HOPE OF MITIGATION OF SENTENCE FADES

BOSTON, Mass., Aug. 4.—Defense forces of Sacco-Vanzetti defense forces that Governor Alvan T. Fuller would take some step to mitigate the death sentences at the executive council meeting this afternoon, died when the council adjourned with no action being taken.

Charles S. Smith, senior member of the council, speaking for the entire body, praised the governor for "an able and courageous course in handling the Sacco-Vanzetti case."

VANZETTI'S SISTER BARRED FROM U. S.

BOULOGNE SUR MER, France, Aug. 4.—U. S. immigration regulations today prevented the sister of Bartolomeo Vanzetti from sailing from this port in an effort to see her brother before he is executed as a murderer in Massachusetts.

Miss Vanzetti arrived from Italy last night intending to board the steamer Volendam, but American regulations governing third class passengers require that all such must be assured of employment or other support in the United States.

Miss Vanzetti had no such assurance and was barred from the vessel.

Although there seemed no possibility that Miss Vanzetti could reach the United States before her brother's death, she was endeavoring to arrange today to sail on Saturday.

Girl Is Dead, Boy Dying After Crash

OROVILLE, Calif., Aug. 4.—Thelma Cooney, 15, is dead and Melvin Johnston, 15, of Oakland, is dying of a fractured skull in an Oroville hospital today as the result of an automobile mishap on the road to a dance here last night, when their car overturned on the grade and crushed its three occupants beneath. Hazel Cooney, 14, sister of Thelma, suffered only minor injuries.

The Cooney girls are daughters of Mrs. Mary Hamby, of Oroville, and Johnston is the son of Mrs. Ethel Johnston, Oakland. He has been visiting grandparents here for the last three weeks.

Historic Mission Escapes Flames

SAN MIGUEL, Calif., Aug. 4.—Historic San Miguel mission escaped the flames that destroyed a portion of the business district here last night.

The blaze started from a back-firing gasoline engine in a blacksmith shop.

The Paso Robles fire department and ranchers from the surrounding district battled the blaze for two hours before it was brought under control.

Youths Arraigned On Murder Charge

LOS ANGELES, Aug. 4.—The three 18-year-old youths indicted for the murder of A. E. Matthews, Arcadia, police officer, were arraigned today before Superior Judge W. T. O'Donnell.

The boys, Frank Miller, Ray O'Dell and Billy Monfort, the so-called "kid bandits," were given until Monday to enter their pleas to the murder charge. They were represented by the public defender.

O'Dell and Monfort are said to have made confessions concerning the shooting of the Arcadia police officer July 19. Miller, however, whom O'Dell and Monfort have blamed for the shooting, remains silent.

Arizona, California River Bodies Meet

PHOENIX, Ariz., Aug. 4.—The Colorado river commissions of Arizona and California are scheduled to meet here today and will be asked to address a joint meeting of the Arizona legislature now in special session.

The Arizona body will consider the California plan as a solution of the controversial river question and if unacceptable will submit a counter proposition.

It is hoped that at least a partial agreement may be reached on the question of division of water and power from the proposed Boulder dam, before the scheduled conference of governors of the basin states. This conference is to meet in Denver, August 15. Today's meeting is the first official conference of the two bodies.

PEACH CANNERIES RUN TO CAPACITY

SAN FRANCISCO, Aug. 4.—Peach canneries in the San Joaquin, Sacramento and Santa Clara valleys were being operated at capacity today, following settlement of the battle between growers and canners, which started nearly a month ago.

Growers throughout the state expressed satisfaction over the terms of the armistice. Both sides claimed they would benefit by the price schedule approved by their representatives after numerous meetings here.

The army of idle workers was rapidly diminishing as practically every grower began hiring picker and orchard hands. There have been approximately 15,000 laborers idle during the deadlock.

The compromise price is arranged on a graduated scale according to the production. It varies from \$20 a ton if the crop exceeds 1,000,000 cases to \$35 if there is less than 8,500,000 cases.

Three Killed When Train Strikes Car

KNOXVILLE, Tenn., Aug. 4.—Three persons were killed here today when their automobile was struck by the westbound Memphis special, Southern Railway passenger train.

Two of the dead were children of C. A. Griffith, wealthy Knoxville coal operator. The third was Milas Williams, chauffeur for Griffith.

Early reports that the train was derailed proved unfounded.

OWL STEALS HATS

KONIA, Turkey, Aug. 4.—An owl in this town in Anatolia has been stealing hats—the foreign variety decreed by the government in place of the fez. Old-timers think there is a heaven-sent mission to confiscate infidel headgear.

Current Comment By CHESTER H. ROWELL

(Continued From Page 1)

small as an incident in the life of one person. Naval oil became whooping first-page news when it was attached to Daugherty, Fall and Doheny and the personal drama in which they became involved. The peace and progress of China becomes interesting news, if dramatized and individualized. If some one could do to prize fights what Stevenson did to the dime novel, he would produce great news, probably great literature, and certainly an enormously profitable newspaper sale.

Fear American Shot In Mexico

(Continued from page 1)

of Hermosillo, Mexico, was shot and killed by a Mexican army officer in an argument over the approaching Mexican presidential election, according to a dispatch received by the Nogales International today.

Arias was well known in Nogales and Tucson, and at Magdalena, Mexico, where he formerly was mayor.

DEADLINE NEAR IN JULIAN RESTITUTION

LOS ANGELES, Aug. 4.—With the Julian Petroleum Investigation now centered in San Francisco, where activities of bankers and financiers will be laid before the grand jury, federal receivers here prepared to move against Los Angeles money lenders.

The deadline for restitutions from a number of financiers, said to have taken millions of dollars in illegal profits from the company, has been set for tomorrow.

At that time the receivers are threatening to file usury suits unless refunds are made.

Three of the contemplated suits are expected to demand the return of interest in the amount of from \$1,000,000 to \$2,000,000.

While the district attorney's office is still confident that the arrest, in New York, of Jack Bennett, is near, eastern authorities so far have failed to capture the missing Julian company official, the only one of 55 indicted men who still is at liberty.

EIGHT DEAD, NINE MISSING IN MINE

CLAY, Ky., Aug. 4.—Death again stalked the West Kentucky Coal company mine near here today, after giving this little mining center a 10-year respite. An explosion 170 feet beneath the earth's surface wrecked the mine shaft, trapping more than a score of workers late yesterday.

Eight miners were known to be dead and nine were missing in the same shaft where 61 miners lost their lives 10 years ago to the day in a similar accident.

A gas pocket in the shaft was blamed for the explosion, which occurred as the employees were leaving the mine for the day. Most of the 240 workmen had been hoisted to the earth and 41 were in the digging when the blast occurred.

Drawings In Dole Flight On Monday

SAN FRANCISCO, Aug. 4.—With approach of the advance guard of nearly a score of aviators who have entered the Dole air race from the Pacific coast to Hawaii a week from tomorrow, details for their reception were completed today.

Preparations for the start of the 2408-mile race have been so nearly completed that the pilots will have little to worry about except the condition of their planes.

The entrants of their representatives must appear at contest headquarters here Monday to draw for positions at the takeoff. Fifteen minutes will separate the start of the machines. The aviators and their navigators must undergo examinations to determine their ability but outside of these two requirements their time will be their own.

Japanese Alter Inheritance Law

TOKIO, Aug. 4.—Women suffrage leaders in Japan have launched a new campaign for women's rights in a new direction. The eldest son of a man dying intestate is the only heir, as the laws now stand. A revision of the law of inheritance is being worked out, for presentation at the next session of the diet, to provide that all sons become joint heirs.

The suffrage leaders desire to have a still more drastic amendment, making all sons and daughters joint inheritors on an equal basis. Delegations of women have visited the minister of justice and the home minister in order to convince them of the justice of this great departure from Japanese custom.

Misapplication Of Funds Is Charged

KANSAS CITY, Mo., Aug. 4.—An indictment charging misapplication of more than \$1,000,000 of the funds of the Kansas City Joint Stock Land bank against Walter Cravens, president of the bank, was handed down by the federal grand jury here today. Miss Alice B. Todd, secretary, also was indicted. The indictment contained 88 counts, each representing a purported false entry in the books of the bank.

GETS LIFE SENTENCE

CANTON, O., Aug. 4.—Saranus A. Lengel, former chief of police of Canton, was sentenced to life imprisonment for the murder of Don R. Mellett, editor, today, when Judge Frank M. Cleveland overruled his motion for a new trial.

Local Briefs

Mr. and Mrs. Frank Greenleaf, 2124 Greenleaf street, and nephew, Charlie Greenleaf, left Santa Ana today for a vacation trip to Yellowstone that will keep them away six weeks.

Orange county employees of the Union Rock company, with headquarters in Los Angeles, met in the Elks club in Anaheim last night to become acquainted with the officers of the concern, which recently acquired three rock plants in Orange. About 40 persons were present.

William Lawrence, assistant foreman in the composing room of The Register, left last night for Indianapolis, Ind., where he will attend the seventy-second annual convention of the International Typographical union. En route he will visit in Kansas City, St. Louis and Chicago.

Mr. and Mrs. Larry Shields, Portland, Ore., are house guests of Mr. and Mrs. Worth Alexander, of Newport avenue. Tustin. Mrs. Shields will be remembered as Miss Adina Fuhre, formerly of Santa Ana.

Announcement was made today that the Bank of Italy has established a bond department which will be in charge of J. A. Blanchard of Los Angeles. Blanchard has been connected with the Bank of Italy for a number of years and is well versed in the bond market. The department here will take charge of all branches in Orange county and will be ready at all times to give advice and service, according to Blanchard.

Meeting last night to make a preliminary examination of the budget requests of the various divisions of the county government, the board of supervisors were unable to arrive at any definite decision in regard to incorporating the several financial statements into a collective budget. Willard Smith, supervisor of the fourth district announced this morning.

Most of the requests were briefly analyzed and it is not expected that it will be necessary to make cuts of any size in the budgets submitted.

The board will study the budget question further at the next regular meeting on August 9.

PASTOR TOLD NOT TO TEACH CHILD

LINCOLN, Neb., Aug. 4.—The Rev. Aago Moller, Danish pastor of Nysted, a small community in Howard county, Nebraska, has been informed by the state department of education that he cannot teach his 8-year-old daughter in lieu of public or private school instruction.

The physician explained he was a believer in a system of individual instruction which has come into vogue in parts of Europe.

MOTOR TRAFFIC OFFICE READY TO AID PROBE

Determined to guard its reputation in the midst of rumors and insinuations attached to the grand jury investigation now under way in Orange county, the state traffic department today made known that it will act promptly upon any sustained charges against its membership but that it will not countenance unsupported rumors.

A statement signed by Inspector Walter P. Greer and Captain Henry Meehan of the traffic squad, set forth the attitude of the department toward the investigation. It was understood to have been called forth by rumored testimony linking the traffic department to the investigation.

The statement placed the situation squarely up to the grand jury and promised compliance with any recommendation the grand jury sees fit to make. Its text was as follows:

"Whenever evidence is laid before the county grand jury sufficient to warrant an investigation of the state traffic department, the traffic department stands willing to co-operate in such investigation and take any action that the grand jury might recommend. Until such time as there is evidence to justify such an investigation, the organization of the traffic department will remain as at present established."

Superior Judge Homer G. Ames has been ordered to San Diego by the judicial council of the state, to preside over extra sessions of the San Diego county superior court, which is reported to be 15 months behind its calendar.

Superior Judge James L. Allen returned to the bench here today from San Francisco, where he presided since July 18 at the order of the judicial council.

The council, it is said, now controls all matters relating to the assignment of judges, and the judges are compelled to report for duty wherever sent by the council, which was organized under a new law passed at the last session of the legislature.

JUDGE HOMER AMES IS ORDERED SOUTH

PARIS, Aug. 4.—An 83-centime lawsuit has been going on nearly six years in France and the end is not yet in sight. This sum is about three and three-fourths cents.

Millions of francs have been spent, courts have been occupied for weeks at a time and the best lawyers have argued on both sides.

Marcel Boyer, a well known "chansonnier" conducting a sort of literary cabaret in the Latin quarter, started the judicial row by refusing to pay a disputed extra tax on two tickets he gave to an old war comrade. Boyer, seeing the soldier at his box office, promptly passed him in, handing four francs to the cashier as the government tax on reduced price tickets. The government inspector demanded 83 centimes more because, he said, Boyer did not go through the low-priced tickets from the box office.

Decisions of all sorts have been handed down, some courts holding one way and some another, but always leaving unsettled, some technicality that caused new trials. These rehearings then went to other jurisdictions. The case has traveled pretty well over central France since it started, November 27, 1921.

MISS KATHERINE BORDA of Bakersfield is the guest of Miss Eleanor Duham of 804 North Baker street.

JOHN C. Smart of the Santa Ana fire department, left yesterday on the Santa Fe for a trip to St. Louis, Mo., where he will visit relatives. He will also visit in Lebanon, Mo., and Oklahoma City, Okla.

R. W. Binkley of 1206 East Fourth street left today on the Santa Fe No. 8 for his old home in Knoxville, Tenn. He will also stop at Memphis to visit friends.

On his way home he expects to visit in New Orleans, La., and El Paso, Texas, and may cross the border into Mexico, where his granddaughter lives.

The students and faculty of the Business Institute were entertained yesterday afternoon by the Collins twins, two little girls of Anaheim, known as the "California Songbirds" who are frequently heard over the radio, KJH.

Mr. and Mrs. Frank Greenleaf of 2124 Greenleaf street and their nephew, Charlie Greenleaf, have left on an extended motor trip. They will visit relatives in Oregon, and may travel through Utah and Arizona and other states. They will be gone until about September 1.

Mrs. George Cole and son Howard of Riverside, who have been visiting Mrs. Cole's mother, Mrs. M. F. Heathman of 802 Bush street, returned to their home in Riverside today.

H. R. Taylor of Myrtle street, Tustin, left today on the Santa Fe Scout for Terre Haute, Indiana, where he was called by the serious illness of his mother.

Mr. and Mrs. E. E. Weethee, of 2073 Bush street, accompanied by their granddaughter, Miss Neva Ward, of Garden Grove, left last night for Kansas, where they plan to visit friends and relatives. They will be gone about six weeks. The trip was made over the Santa Fe railroad. More than 30 friends of the family gave them a farewell party Tuesday evening.

Judge and Mrs. J. P. Streuber, of Alton, Ill., are guests in the home of Dr. and Mrs. John Wehrly, of 819 Sycamore street. Mrs. Streuber is a sister of Mrs. Wehrly. Mr. and Mrs. Streuber will visit here for the next two or three weeks before returning home.

AUTOS EXPENSIVE

PORTLAND, Me., Aug. 4.—Bishop Brewster, Episcopal, thinks a \$1200 auto is a rich man's car and he refuses to accept such an expensive machine from the diocesan convention. He agreed to take one costing not more than \$400.

JURY DECLARES MAN IS GUILTY OF POSSESSION

A jury in Justice Kenneth Morrison's court early today returned a verdict of guilty against Cruz Marcios, Los Angeles, charged with possession of liquor. He was given a fine of \$500 with an alternate of spending a day in jail for each dollar of the fine.

Marcios was arrested by Officers Elliott, Mozley and Meyer, when he is alleged to have driven to a place on the Orangethorpe road where he had almost 20 gallons of liquor stored under fruit trees, to refill several bottles. The officers were waiting for him when he arrived.

The defendant declared that he found the liquor there one day while hunting rabbits and returned to take a little of it to his home.

S. B. Kaufman, deputy district attorney prosecuted the case.

Following the trial, Marcios was taken to jail when he was unable to pay the fine.

MILLIONS SPENT IN 3 CENT TAX FIGHT

PARIS, Aug. 4.—An 83-centime lawsuit has been going on nearly six years in France and the end is not yet in sight. This sum is about three and three-fourths cents.

Millions of francs have been spent, courts have been occupied for weeks at a time and the best lawyers have argued on both sides.

Marcel Boyer, a well known "chansonnier" conducting a sort of literary cabaret in the Latin quarter, started the judicial row by refusing to pay a disputed extra tax on two tickets he gave to an old war comrade. Boyer, seeing the soldier at his box office, promptly passed him in, handing four francs to the cashier as the government tax on reduced price tickets. The government inspector demanded 83 centimes more because, he said, Boyer did not go through the low-priced tickets from the box office.

Decisions of all sorts have been handed down, some courts holding one way and some another, but always leaving unsettled, some technicality that caused new trials. These rehearings then went to other jurisdictions. The case has traveled pretty well over central France since it started, November 27, 1921.

GETTY BATTLES FOR OFFICE AT SANTA BARBARA

Whether Wilbur Getty, Santa Ana candidate for commander of the California department of the American Legion will win his fight, will be determined within the next few hours, according to word received here this afternoon from Frank Mason, prominent Brea legionnaire at Santa Barbara, where the convention is coming to a close today.

The election of officers scheduled for this afternoon is under way, with little "inside dope" on the winner being available.

The fight for the office has been a nip and tuck affair since the convention opened on August 2, according to reports, Getty and Phil Dodson, commander of the South Pasadena post far ahead of the field.

Mason reported that the Getty campaign was well in hand and that Orange county delegates were confident that their representative would win.

Stockton was unanimously chosen as the convention city for 1928, at yesterday's session of the convention after Marysville and Santa Rosa, both early bidders, had withdrawn at the last minute.

Santa Barbara witnessed its greatest parade yesterday afternoon when the various Legion posts turned out en masse and paraded the streets. Hundreds of stunts were staged by the delegates, a majority of whom were dressed in bright colored uniforms that varied from red coats to yellow shirts and blue trousers. Each delegation was dressed differently.

The Orange county delegation was honored by being given the leading position in the parade. More than 100 members of the Legion from this county paraded in yellow shirts, white trousers and Legion caps, headed by the Santa Ana bugle and drum corps and the Anaheim 33-piece band.

From a truck in the Orange county division, Legion auxiliary members, dressed in white, distributed hundreds of Orange county oranges to the throngs along the line of march.

The Orange county delegation marched behind the massed colors and according to word received from Santa Barbara today, the auxiliary marching unit from this county was one of the best in the entire parade.

One of the comic features of the Orange county participation in the parade was the antics of the Huntington Beach bucking filly. A number of Orange county floats bearing county banners created much comment.

Miss Nora McCalla, one of the leaders of the Santa Ana and Orange county American Legion auxiliary, was elected district committee woman, at yesterday's sessions of the convention.

This office was the only one the Orange county delegation fought for and their victory was assured from the first, it was said.

The convention yesterday elected its four delegates at large to the national convention in Paris. They are: Herbert Weyler, Santa Barbara; Fred F. Bebergall, San Francisco; John P. (Pop) Pryor, Pacific Grove, and Salvatore Capodice, Hollywood.

Reports to the convention show that the state now has 33,659 Legionnaires in good standing, an increase of 2313 since last year. San Diego post was awarded the silver cup for the largest gain in membership for the year.

Brazil To Have Biggest Statue In Whole World

RIO DE JANEIRO, Aug. 4.—Brazil is to have the most colossal statue in the world. Hitherto that distinction has belonged to the statue of St. Charles Borromeo, at Arona sur le Majour, which is 23 meters in height. It is proposed by the Catholics of Brazil to erect a statue of Christ on the summit of Mount Corcovado, which overlooks the magnificent bay of Rio de Janeiro.

This statue, the work of the sculptor Landowsky, measures 30 meters in height, and will stand upon a pedestal eight meters high. Its dedication will be the occasion of extraordinary religious demonstrations.

by the use of this amazing new French invention, the

CALIFORNIA FIG SYRUP—CHILD'S BEST LAXATIVE

Gehrig Now 3 Up In Home Run Race

NEW YORK, Aug. 4.—While the New York Yankees were breaking even with Detroit yesterday in dual contests, Columbia Lou Gehrig was rapping out home runs Nos. 36 and 37, bringing his season's total three above Babe Ruth's. Gehrig got a homer in each game.

\$100 REWARD

Will be paid for the arrest and conviction of parties responsible for throwing rocks and missiles at several residences, located in the eastern part of the city on the evening of July 29, doing considerable damage by smashing several windows in two or three houses.

One citizen describes them as three young men, driving a small roadster, the top of the machine being down at the time.

This reward stands good until ordered withdrawn by the Board of Trustees, City of Santa Ana.

L. C. ROGERS, Chief of Police, Santa Ana, Calif.

MOTHER! When baby is constipated, has wind-colic, feverish breath, coated tongue, or diarrhea, a half-teaspoonful of genuine "California Fig Syrup" promptly moves the poisons, gases, bile, souring food and waste right out. Never cramps or overacts. Babies love its delicious taste.

Ask your druggist for genuine "California Fig Syrup" which has full directions for infants in aris, and children of all ages, plainly printed on bottle. Always say "California" or you may get an imitation fig syrup.—Adv.

CYLINDERS OF GLASS MADE IN LOCAL FACTORY

There is in Santa Ana a very
unique and interesting business
concerning which very few people
are aware. The reason that so few
people have discovered it is be-
cause it is very obscurely located
and few people, if any, pass by
there in a day. This unusual busi-
ness is the manufacturing of glass
cylinders by the American Glass
Cylinder company. The plant is
located on the Santa Fe right of
way two blocks north of Fourth
street.

Nine persons out of 10 could
never guess what the glass cylin-
ders were used for, and after they
were told would say "Why, of
course, what else could they be
used for?" A person can hardly
ride down the street without seeing
one of the cylinders in use. What
are they used for? Did you ever
drive into a gasoline station and
watch the gasoline as it slowly
moved towards the bottom of the
big glass tank on the top of the
pump? Those big glass tubes are
made here in Santa Ana.

When the factory is in operation
about 10 men are employed. The
heads of the firm, believing the
factory here to be too small to
handle eastern trade, have con-
fined the business to the Pacific
Coast states. There are, at the
present time, several hundred of
the cylinders ready for shipment.

The members of the American
Glass Cylinder company are George
H. Stevens, president; W. D. Can-
non, vice president; John Knox,
secretary; C. L. Cotant, treasurer.
The members of the board of di-
rectors include R. A. Emison, A. J.
Vise, J. E. Liebig and Mr. Looney.

S. A. GIRLS TAKE UP SWIMMING LESSONS

Indicating a greater interest in
swimming on the part of young
girls than heretofore recorded, are
the girls' special classes conducted
at the Y. M. C. A. pool under direc-
tion of Mrs. R. R. Russick, all of
which have registered capacity at-
tendance. In addition to mastering
the rudimentary principles of swim-
ming, floating and resting in the
water, several girls have taken up
more exacting work, including life-
saving.

Among those attending these
classes are Dorothy Jane Abbot,
Mildred Cowan, Lucile Cowan, Mar-
garet Finley, Nancy Foster, Emily
Gindin, Audrey Hopkins, Geraldine
Griffith, Betty Hey, Jean Mulbar,
Marion Newcomer, Cecil Nickols,
Helen Pierce, Maurine McClintock,
Velma Prior, Mary Schrock, Mar-
cella Stein, Winifred Triplett, Gay
Thwaitte, Dolores Redman, June
Watson, Eldine Watson, Ruth War-
ner, Dorothy Lee Gauntner, Helen
Markel and Mary Wallace.

Kid Mexico Is Outpointed In Wilmington Go

Kid Mexico, veteran Huntington
Beach middleweight, now has suf-
fered defeat 11 times in his long
and honorable career of nearly 600
bouts. The "Kid," trying desper-
ately to regain his old-time prestige
in the ring, went down to defeat
on a decision at Wilmington last
night, Leo Mitchell, a youngster
from Long Beach outpointing him.
Mitchell had Mexico on the floor
for a five count in the third round.

GARDEN GROVE HOME RAIDED; CAPTURE STILL

A 50 gallon still, 18 barrels
of mash and approximately seven gal-
lons of liquor was the reward of
deputy sheriffs who, late last night,
raided the home of F. R. Addington,
23, two miles west of Garden Grove,
north of Ocean avenue.

Addington was lodged in the
county jail on a charge of manu-
facturing liquor and the still and
equipment confiscated. Officers F.
W. Howard and Clyde Flower con-
ducted the raid.

The still was found on the second
floor of the home, officers reported.
It was on the same property where
a still exploded several months
ago, destroying the still and the
barn in which it was stored. The
property is known as the old Page
property.

Addington probably will be tried
under the new state law, which
makes ownership of a still a felony,
commanding a penitentiary sen-
tence.

The prisoner is said to have told
officers that he was merely "watch-
ing" the still and was working for
a Long Beach man on a salary.

TWILIGHT LEAGUERS FINISH RACE TODAY

The swan song of the Santa Ana
Twilight league was to be sung
at Lincoln park today when the
champion United Presbyterian
Hill-Climbers met the Courthouse
in the final contest of a highly
successful season. The Smart and
Finals conquered the Frances Wil-
lard Playgrounds, 5 to 4, yes-
terday, the Willards making all
of their runs in the last frame.

MUCH ACTIVITY IN OIL CIRCLES AT SAN DIEGO

The development of oil in San
Diego county is the subject of con-
siderably increasing importance.

The events of the past six months
have undoubtedly aroused new in-
terest in the subject. Although
many unsuccessful efforts have
been made in the past to bring in
producing wells, the failure to do
so have really served to prove that
there is oil there in paying quan-
tities, rather than to prove that
there is not. Every well drilled has
increased knowledge of the field,
with the result that the geologists
and experienced oil men are almost
unanimous in their opinions that oil
will be found there in paying quan-
tities.

The past month has witnessed the
leasing of several thousand acres of
the Pueblo lands to H. A. Peckham,
A. R. Foster of the San Consolida-
ted Gas & Electric company, and F.

W. Stearns, and according to the
terms of the lease drilling is to be
commenced within 90 days.

R. A. Tuffley, president of the Big
Jumbo Oil company, which com-
pany brought in a well at Long
Beach last month, has leased 240
acres near the Torrey Pines Oil
company and expects to begin drill-
ing within 90 days.

James R. McNeece, also has been
granted a lease on Pueblo lands
just South of the Torrey Pines Oil
company and drilling is expected to
start within 90 days.

The Torrey Pines Oil company,
whose well is now down 600 feet has
about 2000 acres under lease.

The Randall Oil company has
about 1500 acres under lease at Del
Mar and is down almost 2300 feet.
It is expected that the drill will be
in the main body of oil somewhere
within the next 300 feet. The indi-
cation are excellent.

It is understood that there is con-
siderable scouting around on the
Linda Vista Mesa for leases, the
area around Del Mar having been
pretty thoroughly taken up.

JOHN COOLIDGE SINGER
AMERST, Mass., Aug. 4.—One of
the best warblers of that famous
college song, "Lord Jeffrey Am-
herst," is welcome to the White
House when he can call. John Cool-
idge received honorable mention
in the annual interclass sing.

M'KINLEY, LINCOLN MAY TANGLE FRIDAY

On the outcome of today's Me-
Kinley-Spurgeon joust hinged the
championship of the Santa Ana
Summer Playground league. Mc-
Kinley, by winning, could go into
a tie with Lincoln for the flag.
If such a situation exists, Mc-
Kinley and Lincoln will clash for
the title at Roosevelt tomorrow,
L. W. Archer, supervisor, an-
nounced.

Franklin walloped Roosevelt, 18
to 15, at Franklin yesterday. The

Flowers For Every Occasion

Charming Young Matron Is Complimented at Orchid Shower

Following the lead of Mrs. Burr Shaffer of this city who entertained so charmingly for Mrs. Joseph Peterson (Audrey Isbel) with an orchid shower last night, Mrs. L. A. Stenstrom of Orange and her daughter, Mrs. Lloyd Melissin, made that lovely young matron the incentive for another orchid shower last night at Orange.

Flowers in shades of orchid, card table covers in orchid and later in the evening, nut cups, linens and candles in orchid made the party, in very truth, an orchid shower.

The evening was spent in bridge or sewing as the guests desired. When scores were tallied it was found that Mrs. E. S. Rogers of Orange held high score and Mrs. P. M. Rogers held low. Mrs. Harry Coleman of this city had accomplished the most sewing. Each was presented with an attractive gift.

While the refreshments were being prepared a tea wagon loaded with intriguing packages tied with orchid ribbon was wheeled into the room and placed before Mrs. Peterson. As the gifts were examined it was found that they contained many dainty dresses and nightgowns and other articles necessary to "wee sma' babes."

Guests included Mesdames Carl Baker, Harry Coleman, C. Otis Miller, D. G. Wetlin, Charles Carrothers, Mrs. A. A. Hardin, Mrs. Burr Shaffer, Mrs. C. Dennis and Mrs. Julius Peterson of Santa Ana; Mrs. Lawrence Eaton of Anaheim; Mrs. George Veeh of Irvine; Mrs. W. W. Tantiing of Tustin; Mrs. Rudolph Richards of Pomona; Miss Cornelia Glover of Los Angeles; Miss Marguerite Peers, Miss Dorothy Hallett, Miss Louise Vuer and Mesdames O. K. Dean, M. Rogers, Edward Lissio, E. M. Chapman, L. W. Thompson, W. F. Cogman, E. Ross, B. D. Stanley, A. D. Burkett, J. F. Rowley, A. H. Hallett, A. M. Gail, Willard Lutz, Elmer Hayward, Sanford Cole, F. C. Claytor, Arthur Koepsel, J. W. Isbel.

Register Employees Enjoy Picnic at County Park

Employees of the Register Publishing company and their families and friends gathered at Orange County park last night where they enjoyed a picnic which, each summer, is looked forward to as an annual event.

The picnic started with the playing of an indoor ball game, the teams having been chosen in advance. Those not interested in the ball game amused themselves with tennis or wandering over the grounds which are unusually beautiful at this time of year.

Following the supper which was featured with delicious baked meats donated by The Register, a dance filled the remaining hours of the evening. The orchestra was composed of Ted Yonborough, saxophone and banjo, Cecil Burke, piano, and John Sylvester, traps.

Arrangements for the picnic were made by Mrs. Ben Herrick and Mrs. Marion Knight of The Register business office.

Those who enjoyed the evening were Mr. and Mrs. T. E. Stephenson, Mr. and Mrs. W. B. Williams, Mr. and Mrs. Hugh R. Livingston, Miss Juanita Snyder, Miss Hilda Pritchard, Miss Marjorie Perrine, Mr. and Mrs. W. L. Mills, Miss Theresa McDonough, Miss Helen Moore, Mrs. H. F. Moore, Cal Gilbert, Mrs. Nona Coder, Mrs. Marion Knight, Mr. and Mrs. Ben Herrick, Miss Rhea McDow, Jules Hilton, John McCoy, Miss Blanche Thompson, Mr. and Mrs. Mason Yould and family, Mr. and Mrs. R. A. Fahstler, Edna West, Mr. and Mrs. Charles Crawford, A. B. Berry, Alfred Ault, Miss Louise Stephenson, Albert Huneke, Mr. and Mrs. Burhl Wing, Howard Law, Miss Pauline Ziegler, Mr. and Mrs. C. C. Thrasher, Miss Naomi Keller, Mr. and Mrs. G. W. Duke, Mr. and Mrs. Charles Clayton, E. E. Frisby, Mr. and Mrs. J. C. Sexton, John Sylvester, Mr. and Mrs. Virgil Shidler, Mrs. Cecyl Drake, Mr. and Mrs. J. W. Daniell, Mr. and Mrs. Frank Rowe, and George Ashman.

Travelers Return

Dr. and Mrs. J. M. Raugh and the former's sister, Mrs. Maude Miller of 731 South Birch street, and another sister, Mrs. Ella Miller of Chicago, returned Wednesday from a pleasant vacation trip to Victoria and Vancouver, B. C., on which they were accompanied by a sister-in-law, Mrs. Howard Raugh and her daughter, Miss Elizabeth, of Lincoln, Neb. The travelers were gone a month and visited Yosemite valley and other places between here and the north. At Sacramento, Mrs. Howard Raugh and Miss Elizabeth took the bus for Denver, where they were to meet Mr. Raugh and remain there for his summer vacation. In Portland, Ore., they met Mr. and Mrs. W. D. Baker, Mr. and Mrs. George Hutton and Mr. and Mrs. F. L. Kientz, all of Santa Ana. Dr. Raugh reports that he found the weather warmer on this trip than on any of the seven trips he has made in the past six years.

Announcements

The Two in One class of the First Methodist Episcopal church will hold a pot luck supper Tuesday night, August 9, 6 o'clock, at the Newport Beach home of Mrs. H. F. Witt, 2604 Ocean front street. Members are requested to bring sandwiches, a covered dish, and table service.

A correct hat for every woman and every occasion at Mme. Marie Louise, 419 North Broadway.

Santa Ana Girl Is Won As Bride of Young Pasadenan

Beautiful in its simplicity was the wedding Sunday of the charming daughter of Mr. and Mrs. H. D. Dent of 1006 West Bishop street, Miss Frances Dent, and Charles A. Peterson of Pasadena.

The living room of the Dent home had been transformed into a bower of roses and other summer flowers and it was here that the Rev. F. T. Porter of the First Christian church awaited the bride and groom.

The bride was dressed in a frock of powder blue georgette with matching accessories and she carried a lovely bouquet of pink rose buds. She was attended by her sister, Miss Alice Dent. Harley McCollum of Los Angeles served as best man for Mr. Peterson.

Following the ceremony which occurred at four o'clock in the afternoon a delightfully appointed dinner was served to the wedding party and the relatives and intimate friends who had gathered to witness the ceremony.

Mr. and Mrs. Peterson left immediately afterwards on a two weeks' honeymoon. On their return they will be at home in Los Angeles where Mr. Peterson is employed with the Reo Motor company. Guests at the wedding included Mr. and Mrs. C. A. Peterson of Pasadena, parents of the groom, Joe Hizer of Los Angeles, Mrs. Clara Gibbs and son of Corona, Mrs. Julia Dent, the bride's grandmother; Mr. and Mrs. C. R. McCollum and family of Santa Ana, Miss Alice McCollum of Greeley, Colo., Mrs. Elvora Green and Dwight Dent.

Business, Professional Women to Hear Famous Indian Song-Bird

So interesting a program as the Business and Professional Women's club will enjoy next Monday at St. Ann's Inn, has led the members to invite their friends to join them for the luncheon hour at 12 o'clock, and hear Princess Tsanini, famous Indian song-bird, and other artists of the east of the Laguna Beach pagant, "Kitschi Manido."

Mrs. Helen Jeffrey, chairman of the August committee, has planned a number of interesting features for the month, but of them all, the pagant by Isaac J. Farzee, will be presented in the Fairy Woods amphitheater in Laguna canyon just before the noon luncheon and the program by making their reservations in advance at the Inn. The telephone number is 626.

"Kitschi Manido," the Indian pagant by Isaac J. Farzee, will be presented in the airy Woods amphitheater in Laguna canyon just before reaching the famous artist colony, during the nights of the full moon in August. It will begin Friday night, August 12, and continue nightly thereafter until the end of the month.

Princess Tsanini, who will take the leading role in the beautiful story, is one of the concert stage's most popular artists. She has appeared on tour with Charles Wakefield Cadman, and sings the songs of his Indian opera, "Shanewis," in striking manner.

CHURCH SOCIETIES

United Presbyterian
The Women's Missionary society of the United Presbyterian church met in the church parlors Wednesday afternoon when Mrs. W. H. Harting, vice president, presided. Devotional services were led by Mrs. O. S. Johnson.

Mrs. Herbert Walker had prepared a paper on "The Mountains of the Bible" but as she was unable to be present Miss Adda Cowan read it.

The business meeting was featured with a discussion as to what should be donated to the missionary Christmas box to be sent to Abyssinia. It was requested that those planning to make donations have them in by September 7.

A review of the Women's general missionary society convention held in Pittsburg, Kas., was given by Mrs. Anna Scott and Mrs. C. E. Hogue. Mrs. W. W. Hoy gave an interesting discussion on "Indian Work."

TWO HOMES MADE HAPPY

By Women Who Used Lydia E. Pinkham's Vegetable Compound

"I have taken Lydia E. Pinkham's Vegetable Compound and I think it is the most wonderful medicine ever tried," is the statement made by Mrs. Goldie Shoup of St. Joseph, Illinois. She declares that after taking the Compound she is in better health than before.

Mrs. J. Storms of 29 Lane Street, Paterson, N. J., writes: "I can not speak too highly of your medicine and I recommend it to all my friends."

These statements were taken from two enthusiastic letters which tell of the help that has been received from using the Vegetable Compound. Both Mrs. Shoup and Mrs. Storms were in a run-down condition which caused them much unhappiness.

When women are suffering from lack of strength and from weakness, their own life and that of their family is affected. When they feel weak and strong are able to do their household easily, happy homes are the result.

Are you on the Sunlit Road to Better Health?

Pretty Bridge, Shower Is Given to Honor Miss Meacham

Many showers and parties have been planned in honor of Miss Myrtle Meacham, daughter of Mr. and Mrs. J. H. Meacham of 1303 South Main street, whose engagement to Verlin Anderson, son of Mrs. Christine Anderson of 203 South Main street was recently announced at a bridge party given at the home of Miss Meacham's grandmother, Mrs. P. W. Harding of Balboa Beach.

One of the prettiest of the showers was the bridge given Tuesday evening at the Rose Arbor Tea room by Miss Daisy Anderson, sister of Verlin Anderson.

When bridge scores were tallied it was found that Miss Melvina Frye had scored high with Miss Myrtle Meacham second. Each was presented with a dainty gift.

While card table covers were being changed for supper linens Miss Meacham was presented with a basket heaped full with pretty gifts for her new home.

Those who enjoyed the affair were the honoree, Miss Meacham, Mrs. F. W. Harding, Mrs. Alice Meacham, both grandmothers of the honoree; Mrs. Christine Anderson, Miss Grace Anderson, sister of Verlin Anderson; Mesdames R. Larsen, William Caravan, Glenn Kepler, all of Long Beach; Alvin Rhors (Ida Bowe) and Charles Padias (Marjorie Duckett) of Orange, Darwin Scott (Ethel Blanchard), Loraine Bove (Ruth Elliott), John McFadden (Aetha Jones), Herbert Dixon and the Misses Louise and Vena Belle Bryant, Myrtle Kuehl, Doris and Mary McWaters, Mildred and Ruth Vierra, Myrtle and Anita Jerome, and Bernice Dunn of Glendale, Ruth Borell of Los Angeles; Lina Dunn, Cynthia Kirvin, Helen Smiley, Evelyn Babbitt, Melvina Frye, Helen Young, Blanch Yokum, and Eulamae Larsen of Long Beach.

Friendly Surprise Party Celebrates Wedding Anniversary

Mr. and Mrs. G. L. Beardsley of Garden Grove were truly surprised Saturday evening when a number of their neighbors and relatives gathered at their home to aid in the celebration of the Beardsleys' twenty-fifth wedding anniversary. Thoughtful neighbors had brought baskets of lovely zenias and dahlias to be used for decorative purposes throughout the house. An entertaining and informal program had also been arranged for the occasion.

Those taking part in the program included Mrs. Walter Harper who presented a reading; Mr. and Mrs. Frank Bissitt, vocalist; Thelma Emerson, vocalist; Mr. and Mrs. Frank Harper and Frank Bissitt gave readings. Following the last reading Mr. Bissitt presented the honorees with several pieces of silver in keeping with the anniversary year.

Several interesting games were played and the interesting fact that eight of the guests present had taken place on a farm in Kansas, caused pleasant reminiscing. Chief among the refreshments was the huge pyramided wedding cake, topped with a miniature bride, groom and cupid.

Guests included Mr. and Mrs. Frank Bissitt and family, Mrs. Bernice Paige and Mrs. Florence Bissitt of Fullerton, Glen Goodwill of Hawthorne, Mrs. C. G. Lott, Mrs. Bertha Collins, Mrs. Alice Goble, Mrs. A. S. Gleason, Mrs. Lida Burns, Mrs. Samuel Wight, Mr. and Mrs. R. J. Killingbeck, Mr. and Mrs. C. B. Crosby, Mr. and Mrs. W. B. Harper, Mr. and Mrs. J. R. Wade, Mr. and Mrs. Elmer Launder and sons, Mr. and Mrs. A. Van Vranken, Mr. and Mrs. Emerson Beardsley, Mr. and Mrs. Ray Beardsley and family, Miss Thelma Emerson, Miss Edna Beardsley and Mr. and Mrs. Roy Jenkins and family.

Santa Anans Return from Trip Through Eastern, Southern States

Pleasant memories are the lot of Dr. and Mrs. J. L. Stephenson and their daughter, Miss Ruth Stephenson, and their son, Morton, of 433 West Santa Clara street, who but recently returned from a trip through a number of the states.

Six days were spent by Dr. and Mrs. Stephenson in Galveston, Tex., where they visited relatives. Stops were also made in Birmingham, Nashville, Louisville and New Orleans. While in Kentucky the travelers visited the blue grass country.

At Toledo Dr. and Mrs. Stephenson were joined by their son, Morton, who is a student at Ann Arbor. From there the party traveled through Indiana, Illinois, Iowa, South and North Dakota.

When they arrived at the Yellowstone national forest they met Miss Ruth and her uncle and aunt, Dr. and Mrs. R. B. Stephenson of Centralia, Wash. Following the tour of the park the two families journeyed to Portland, Ore., from where they returned to their respective homes.

MARRIAGE HELPS STUDENTS
CHICAGO, Aug. 4.—Matrimony improves student scholarship. Deans of Illinois, Wisconsin, Chicago and Northwestern say university students have been obtaining better grades after marriage.

NEW SOCIAL FAD
NEW YORK, Aug. 4.—Pottery is a society fad. An exhibition reveals that many women of social prominence are making their own. A table set made by Mrs. George Nicholas, daughter of J. Pierpont Morgan, is among the exhibits.

Richard (Rube) Marquand, in his day one of the greatest pitchers in the big show, is now with the Birmingham Southern league team.

French Celebrate Giraffe Centenary

PARIS, Aug. 4.—Paris is celebrating a new centenary this year—that of the giraffe. Some interested zoologists discovered that it was in 1827 that the first giraffe came to the zoo at the Jardin des Plantes. History records that the arrival of the giraffe moved Paris as few things had since the French revolution. Thousands waited hours in line to get a glimpse of the animal. Even the styles of the day were affected by the giraffe. There were giraffe robes, giraffe neckties, and coats made of material printed to imitate giraffe skin.

PAINTED LEGS DANGEROUS
BUDAPEST, Aug. 4.—There's danger in the fashion of painted legs. Alice Posiva, daughter of a city commissioner, contracted blood poisoning and died.

3 out of 4 Pacific Coast FORD DEALERS use and recommend Veedol Forzol

EVERY Ford dealer knows what every Ford owner ought to know—the Ford requires a different kind of oil, designed exclusively for Ford use.

That is why 75% of all Ford dealers on the Coast use Veedol Forzol and recommend it to their customers. Veedol Forzol is the high quality Eastern oil compounded specifically to meet the dual problem of Ford lubrication. By correctly lubricating both the motor and the transmission, it gives these eight definite operating economies. Veedol Forzol:

1. Eliminates chatter—saves bands
2. Gives 10 to 25% saving in gasoline
3. Gives 10 to 25% saving in oil
4. Reduces carbon 10 to 25%
5. Reduces repair bills
6. Resists fuel dilution
7. Increases ability to coast
8. Resists destructive heat and friction

Try this oil that 3 out of 4 coast Ford dealers use and recommend. Stop today at any orange and black Veedol Forzol sign. Ask for Veedol Forzol by name.

Tide Water Oil Sales Corporation, San Francisco, Los Angeles, Portland, Seattle.

DEALERS: Bulk delivery of Veedol products is now available to over 1300 individual cities and towns on the Pacific Coast.

[35¢]
A QUART

VEEDOL FORZOL
The Eastern Oil for Fords

It costs less than 1 cent a quart to ship Veedol and Veedol Forzol to the Pacific Coast. When you buy Veedol you pay for quality not freight.

HERBERT HOOVER MAY COME TO SANTA ANA WITHIN NEXT TWO WEEKS TO MAKE SPEECH

The presence of Secretary of Commerce Herbert Hoover, at the annual meeting of the Santa Ana Chamber of Commerce became a possibility today when the board of directors in the regular meeting, authorized George Raymer, secretary, to telephone to Hoover in Palo Alto, asking him to set a possible date within the next two weeks when he could come to Santa Ana. Hoover is now vacationing at his Palo Alto home.

Raymer read a letter from George E. Ackerson, Hoover's assistant there, thanking the chamber for a previous invitation but expressing doubt as to Hoover's ability to come. Raymer, however, gleaned from the letter the idea that the secretary of commerce might be able to journey to Santa Ana if the date of the annual meeting were set within the next two weeks.

In the event of Hoover's coming, the chamber would send an airplane to Palo Alto to bring him here and arrange for his return in the same manner, it was indicated at today's meeting.

President Coolidge's withdrawal from the presidential race, drawing attention to Hoover as a possible candidate is thought to have made this trip to Santa Ana a more uncertain possibility than it has been heretofore.

Develop Air Port

The wisdom of developing Santa Ana as a prominent air port in the near future was emphasized at the meeting, several directors pointing out the fact that air travel, especially in the west, will be the main method of passenger transportation within a few years.

The aviation committee of the chamber, of which Berl Morthland is chairman, was instructed to investigate the cost of acquiring and maintaining an adequate port here with a view to making Santa Ana a regular stop on commercial air routes which may develop in the coming months.

W. B. Mayo, chief engineer of the Ford factories, who was here last week with the big Ford plane from Detroit, has indicated that Santa Ana would be a regular port for that ship when its route is established, if adequate facilities were provided here with the certainty that they would be maintained for the next five years.

The importance of aviation in drawing wealthy tourists to California from the east gained prominence at the meeting. Clyde Downing, president of the chamber, stated that far eastern tourists are attracted to Florida because of the time required to reach California by train.

Three Problems

Downing declared that there are three problems knocking at the door of Santa Ana. The development of Newport harbor as a national port and playground, the establishment of this city as a national aviation center and making it an ideal place to live by increasing its possibilities as a home city, are the lines of development which Downing believes the city should follow.

He declared that eastern people have observed the marvelous possibilities of the harbor, pointing out that there is nothing in Southern California which can compare with it, and have expressed the opinion that the people of Orange county are asleep because of their lack of support for harbor development.

Guy Gilbert, thinking of Santa Ana as a home center, brought to the attention of the directors the possibility of developing an inter-city park between Santa Ana and Orange. He spoke of the recent failure of park projects in both cities and suggested that the time for action by the two cities might be here. With the creation of flood control, the development of the Santiago creek as a park site would become possible, he explained, stating further that park designers have expressed the opinion that the creek has wonderful possibilities for landscaping.

J. C. Wallace advocated action by the chamber to stimulate competition in beautifying homesites and vacant lots in Santa Ana. The Ebell club is at present endeavor-

3 Given Hearing In Justice Court

Three men, charged with disturbing the peace at Stanton yesterday, were given a hearing before Justice Kenneth Morrison today. Two pleaded not guilty and the third admitted his guilt.

Octoriano Lopez, who pleaded guilty will be sentenced tomorrow morning, the court ruled. Felicitas Lopez and F. Rico will be given trials at 1 a. m. August 11. The trio was arrested by R. W. Knight, deputy sheriff, after he had smashed in the door of the Lopez woman's home at Stanton, he reported.

EXCHANGE CLUB MEMBERS WILL FLY TO MEET

The first official delegation ever to attend a national convention by airplane will leave Santa Ana in September to attend the National Convention of Exchange Clubs. It was announced here today. Local Exchange club members recently voted at a closed meeting, to attend the annual convention at San Francisco, September 11 to 18, by airplane.

According to B. E. Morthland, president of the local Exchange club, the local delegation is believed to be the first representative delegation to ever attend a convention by plane.

Nearly a dozen local Exchange-ites are planning on making the trip, according to Morthland. The Exchange club members will be carried to San Francisco in planes chartered from Eddie Martin, local aviator.

Among those who have signified their intentions of attending the convention by airplane are, Stanley Clem, William Roherbacker, Eugene Douglas, Charles Swann, B. E. Morthland, Paul Ragan, John Ott, Dr. Cassius Paul and Don Juden.

ESSEX BREAKS TIME RECORD TO BALDY

A 1928 Essex super six coach clipped 46 and one-half seconds off the high gear record up Mount Baldy yesterday it was announced today by the Clark Motor Sales company, local Essex distributors. The time of the Essex up the steep mountain grade was 12 minutes 45 seconds, as against the previous record of 13 minutes 31 and one-half seconds established by a Gardner eight cylinder touring car.

The phenomenal time was made over the eight and one-half mile grade from the toll house to Ice House canyon.

Observers and timers for the run were representatives of Los Angeles and Pomona newspapers. The car was sealed in high gear by an official observer who rode in the machine, and other observers figured the elapsed time between the start and finish of the climb. The record set by the Gardner car was made more than a year and a half ago.

CALLAHAN RETURNS FROM JAUNT EAST

LOS ANGELES, Aug. 4.—"Mushy" Callahan, world's junior welterweight champion, returned from the east today to begin training for his title bout with Sergeant Sammy Baker at Wrigley field, Aug. 29.

"I'm feeling fine and at 140 or less, I'll erase that catchweight victory that Baker scored over me at Chicago last month," Callahan said.

Callahan and his sparring partners will leave early next week for Noah Beery's big Rock Creek ranch, where he will condition for the coming battle.

TALL PREMIER IS AUSTRALIAN PARTY LEADER

MELBOURNE, Aug. 4.—The world's tallest premier is claimed by the state of Victoria.

Ned Hogan, Laborite, who recently led his party into office, stands six feet five and one-half inches in his socks and a fine thatch of curly hair adds a couple of inches to that height.

Like most Labor premiers who have held office in the various Australian states at different times, Hogan worked his own way from the bottom rung of the ladder. At 12 he left school and drove a team of horses on his father's farm, while even before that age he had done a man's work in the fields. At 19, Hogan left for the goldfields of western Australia and was a lumber jack. Here he started out on his political career as spokesman for workers in disputes with employers. He also gained the reputation at athletic meetings there of being the best exponent of putting the weight, tossing the caber, and similar sports.

Hogan is not yet 40 years of age, but has had a parliamentary career extending over a decade. He is reputed to have no extreme tendencies, such as were said to animate Premier John T. Lang of New South Wales after he assumed control. If Hogan does develop them, he will have a hard curb put on him, for his party, though the largest in the state legislative assembly, has no absolute majority and only governs with the help of three or four independents, who will certainly turn opponents should Hogan head towards extremism.

ENGLISH CABINET LEADER IS NOW 71

LONDON, Aug. 4.—Viscount Haldane, known as the man who prepared the machinery for Kitchener's first army, is 71 years old today.

Lord Haldane as Secretary of State for War, from 1905 until 1911, is one of England's best known wartime leaders. Lacking the personal magnetism which makes a great political leader, Haldane will probably never rise to great heights in Britain's political arena. The great measure of success which he has already reached in British politics and statecraft has been due to his unquenchable thirst for work and details.

One of the most outstanding accomplishments of Haldane's career as Secretary for War, and one for which he was bitterly criticized at the time, was his plan for the formation of the Territorial Army which he quietly and steadily built out of the somewhat ramshackle old Volunteer Force.

He was formerly a Liberal of the old school and a staunch follower of Lord Asquith, but when Ramsay MacDonald was forming his Labor Cabinet in 1924, he asked Haldane to serve as Lord High Chancellor. Haldane accepted and has since been listed as a member of the Labor Party. He had served as Lord High Chancellor under Lord Asquith from 1912 until 1915.

He was born at Cloanden, Scotland, July 30, 1856 and was educated at Edinburgh Academy, and Edinburgh and Göttingen Universities.

BAND'S IMPORTANCE IS NOW RECOGNIZED

MADISON, Wis., Aug. 4.—Wisconsin has joined with more than a score of other states in recognizing the value of a town band to its community.

Any city, town, or village in the state may levy a one-mill tax to organize, maintain, or hire a band, under provisions of a bill passed by the legislature and signed by Gov. Fred R. Zimmerman.

The list of other states having permissive legislation of a similar nature includes Iowa, Illinois, Idaho, Kansas, California, Maryland, Michigan, Montana, South Dakota, New Mexico, Nebraska, North Dakota, Texas, Indiana, West Virginia, Massachusetts, New York, Minnesota, Mississippi, New Hampshire, Pennsylvania, New Jersey, Ohio, South Carolina, Utah and Vermont.

Mayfair Houses Are Rented For Society Events

LONDON, Aug. 4.—Mayfair hostesses are indulging in the Victorian custom of hiring houses for balls. Until recently this custom was dead. Hostesses whose homes were too small for balls rented ballrooms of the fashionable hotels. This year many well-known hostesses with homes inadequate for their social life prefer to hire vacant houses which can be made to appear far more homelike than a hotel.

Lindy's Double Back From Paris

NEW YORK, Aug. 4.—Back from Paris way ahead of Lindbergh was a double of him, one Harry Wheeler, fur buyer, who says he saw the aviator arrive at Le Bourget and resembled him so much that he got a ride on enthusiastic Frenchmen's shoulders, and had his picture taken. Nobody made a mistake when Harry arrived on the Tuscania.

AT THE THEATERS

Richard Dix and Mary Brian in a scene from "Man Power," picture now showing at the Yost Broadway theater.

YOST BROADWAY THEATER

Richard Dix reached the Yost Broadway last night in his latest hit "Man Power." And hit it is!

"Man Power" is entirely different from anything Dix has done in the past. No longer is he a college athlete or prize ring hero. In "Man Power" Dix appears as a strapping former officer of the U. S. Tank corps who endeavors to turn a dilapidated tractor factory into an up-and-going success.

The picture opens as Dix pulls into town on an empty freight car. Saving Mary Brian from what he imagines to be a terrible death, he decides to settle down in her home town. Entering the leading industrial plant, he is told to make a group of rundown tractors workable. It doesn't take him long to discover that Mary's father is president of the factory, nor does it occupy any more time to discover why Philip Strange, the manager, doesn't enjoy his company. The final smash comes on a rainy night when a dam, far above the little valley town, is about to overflow its high walls. Dix finally gets one of the tractors running. He attaches a couple of trailers, loads them with sand bags and starts on one of the most thrilling rides which have ever been shown on the screen.

TEMPLE THEATER

"April Fool," the dramatic comedy starring Alexander Carr, and now at the Temple theater, seems to present some interesting material for students of numerology. Perhaps they can find some significance in apparent import of the number "two" in this picture. "An April Shower," the play from which the picture was made, had two authors: Edgar Ellen Woolf and Alexander Carr. Nat Ross has directed two Chadwick pictures: "The Transcontinental Limited" and "April Fool." Duane Thompson has played in two Chadwick pictures: "Some Pun" and "April Fool." Likewise, Edward Phillips, who appears with Lionel Barrymore in "The Belles" and in "April Fool." There are two kid stars, Baby Peggy and Leon Holmes.

WEST COAST-WALKER
The screen version of one of the most popular romantic action novels in recent years, "Beau Geste," is now playing at the West Coast-Walker.

This thrilling story of romance, mystery and adventure in the French Foreign Legion with the theme of the devotion of three brothers powerfully depicted, has been transferred to the screen on a scale never surpassed by any previous production.

For the filming of this novel, Director Herbert Brenon led an army of 2000 men into the Great American desert for three months during which the exterior scenes were made. The camp was built in a sand basin 30 miles from any habitation and the entire company worked straight through, without a day's rest, from 5:30 each morning till sunset.

Brenon took his company to Burlingame, California—900 miles trip—for a few cranks of the camera.

No obstacle was permitted to stand in the way of making it as fine as possible. Ronald Colman plays the title part, that of the eldest of three brothers who each leave home without telling the others, to enlist in the French Foreign Legion under assumed names in order to shield each other from the blame for the theft of a famous sapphire. Neil Hamilton and Ralph Forbes enact the other brothers.

The grave defense by 40 legionnaires of a lonely fort in the Sahara when it is attacked by countless hordes of mounted desert warriors, Touaregs, brings the story to its climax. It also causes Noah Beery, as the brutal adjunct, "the cruellest beast and bravest soldier" in the Legion, to reach

AIRSHIP MODEL CONTEST HELD FOR U. S. BOYS

WASHINGTON, Aug. 4.—Believing that the best way for boys to learn the science and art of flying lies in building airplane models, the Smithsonian Institution has announced that it was lending its scientific and technical support to a nation-wide airplane model contest to be held late this summer.

Paul E. Garber, an assistant curator of the institution, will act as technical adviser to the committee in charge and he has already prepared articles on the building of models. Orville Wright is chairman of the committee and Colonel Lindbergh associate chairman.

Garber's articles deal in detail with gliders, pushers and tractors and also take up the various types of power used, including rubber bands, compressed air, steam, gasoline and carbonic acid engines.

Instructions have been sent to 100,000 playground leaders throughout the country and these men will organize into competitive groups for the making and flying of models. The results attained will be reported to the committee, which then will pick five winners in each 20 events. These winners will be invited to Memphis, Tenn., in October to compete for the national championship.

PLAN SECOND UNIT OF HUGE HOSPITAL

BAKERSFIELD, Calif., Aug. 4.—With the completion of a new \$50,000 building at the Kern county tuberculosis sanitarium plans have been started for the second unit of the enlargement program.

It is estimated by Dr. E. A. Schaper, superintendent of the institution, that two years' time and an additional \$100,000 will be required to make the sanitarium one of the finest on the Pacific coast. The building just completed will house 40 patients and has radio connections in every room.

Carrier Pigeons Bring Dispatches Of News Events

PARIS, Aug. 4.—Newspapers on the French Riviera are using carrier pigeons to cover important sporting events.

When the Tour de France—the bicycle race around France—came through the district reports of the race were brought in every 30 minutes by pigeons. It was estimated that the newspapers gained two hours over the usual wire service, since much of the course was through mountainous country where the telephone is unknown.

RADIO DEALERS GIVE SUPPORT FOR BIG SHOW

The united support of the Orange county radio dealers was pledged toward the first annual Orange county radio show, to be held September 28, 29, 30 and October 1 at the Orange county fair grounds, when the dealers met last night at McFarland's cafe, Fullerton, to make a decision as to whether preliminary plans for the radio fair should be carried to conclusion.

The very latest models in radio will be just coming on the market at the time of the show and interest in radio will be heightened by the personal appearances of the leading southern radio stars, it was announced. A decoration scheme is to be selected so that all booths will harmonize and produce a beautiful effect.

Following the nightly programs by the radio entertainers, the floor is to be cleared for dancing, the music to be supplied by leading radio orchestras.

The dealers, gathered from all parts of the county, elected W. B. Ashford of Santa Ana, chairman of the radio show committee, to select his own assistants. The executive committee will meet next Wednesday evening at the fair grounds, Ashford said.

Studio City Land Is Being Acquired

The announcement of Studio City and its opening resulted in great activity in North Hollywood. A total of 4652 acres of valuable adjoining property has changed hands in the last 30 days, and those who seem to know declare that it is just beginning. Bundy and Albright have acquired the Gen. Sherman holdings of 1000 acres, declared to be the most beautiful untouched acreage in the city of Los Angeles and in very close proximity to Studio City. They plan an extensive development project, details of which will be announced in September. Besides Bundy and Albright, the Central Motion Picture District, Inc., Mack Sennett, Cecil B. DeMille, Famous Players Lasky corporation and Associated artists are the new owners of property in this district. The Mack Sennett new studio, to cost \$800,000, will be open and running full swing by January 1. It is said that within a short time at least six other major picture firms will join the Studio City movement.

MODEL SCHOOL TEACHER

NEW YORK, Aug. 4.—An article in the Nation says that a school teacher, paid \$85 a month in an unidentified North Carolina town, had to promise not to smoke, dance, dress modestly or fall in love and to sleep at least eight hours a night and eat carefully.

NEW BILL PERMITS SCHOOL DISTRICT TO FORM CLASSES FOR HANDICAPPED CHILDREN

Under authority contained in recent legislation, Assembly bill No. 185 and Senate bill No. 630, school districts may proceed with plans for organizing special classes for physically handicapped children, according to advices received by Harry D. Riley, Anaheim, president of the Crippled Children's Relief Association of Orange county, from the California State Board of Education.

The advices are contained in a letter written by Ira W. Kibby, state supervisor, division of rehabilitation, under date of July 26. The letter forms a reply to a query sent by the association, requesting information as to plans worked out by the state board of education to give practical effect to legislation enacted in behalf of crippled children.

The state supervisor's letter follows: "In reply to your letter of July 13, allow me to say that Assembly Bill No. 185, and Senate Bill No. 630, were both passed by the legislature and signed by the governor.

"As to the practical workings of the law, I can give you but little information at this time. The restoration work will come under the direction of the state board of health. The educational work will come under the state board of education.

"We are at present working out plans for putting the educational bill into effect. Any school district may organize classes for the handicapped child as provided in the bill. They will have to keep a cost record of such classes and at the end of the school year will submit, along with the average daily attendance of such classes, a copy of the cost record. The district will be reimbursed by the state and county for all sums in excess of the cost of educating a regular child in the school district up to \$200 per child in average daily attendance, in such special classes.

"A district may plan this work for next year without hesitation. Forms and reports for the keeping of attendance will be in the hands of various school districts operating under this law shortly after school opens. Districts should notify the state office when such classes are organized so that they may receive forms for keeping attendance and for reporting costs.

History Of Gas Refrigerator Told

The history of the gas-fired refrigerator, which is being displayed at the Southern Counties Gas company offices, is an interesting one, says District Manager C. E. Rutledge.

According to Rutledge, Von Platen and Munster, two students at the Royal Technical school in Stockholm, in preparing for their graduation thesis, developed and designed a working model of the first gas-fired refrigerator, which later became known as the Platen-Munster machine. These students graduated in June, 1922, and on August 18 of the same year the first patent application was filed in Sweden.

It is seldom that a new invention has met such rapid development as occurred in this case. Within three years the original model was modified and developed so as to give commercial service. During the year a large number of refrigerators were placed in commercial service in Sweden. In September, 1925, the Platen-Munster machine was brought to this country, and shortly thereafter the American rights were taken over by the Servel corporation.

Rutledge says that there are in operation at the present time in the eastern districts, embracing the environment of the metropolitan area of New York, approximately 1500 refrigerators operated by gas to produce cold.

More than 100 of these new gas refrigerating boxes are now in use throughout Southern California, Rutledge explained, and the local gas company is displaying and selling them throughout Los Angeles, San Bernardino, Ventura, Santa Barbara, Riverside and Orange counties.

Circular Capes Are Paris Vogue

PARIS, Aug. 4.—The circular cape which measures several yards around the bottom is the newest form of evening wrap for Parisian summer events.

At fashionable restaurants in the Bois one sees many of these capes, made of chiffon velvet in a shade to match the gown. Peach, pale green, blue and gray are often combined with fluffy fox collars of matching color, or beige. The upstanding fox collar is favorite on light summer wraps.

Coats, light both in weight and color, are often finished with a fox collar.

Today's Birthdays

Duchess of York, whose welcome on her recent return from Australia gave evidence of her popularity with the British public, born 27 years ago today.

Princess Marie Jose, daughter of their Belgian Majesties, whose engagement is again announced, born in Brussels, 27 years ago today.

Sir Harry Lauder, who announces plans for another "farewell" tour, born at Portobello, Scotland, 57 years ago today.

Rt. Rev. Henry J. Mikell, Episcopal bishop of Atlanta, born at Sumter, S. C., 54 years ago today. Knut Hamsun, one of the most celebrated of present-day authors of Norway, born 67 years ago today.

BUD LOVES ROMANCE

PRINCETON, N. J., Aug. 4.—Among the reasons why Bud Stillman loves Lena Wilson of the Canadian woods, as told to the New York American: she doesn't smoke, she doesn't drink, she doesn't rouge and she doesn't Charleston. She's unsophisticated, but she's romantic.

S. A. BOY IS HONORED BY NATIONAL FIRM

Joshua Brady, the son of Mr. and Mrs. Wm. V. Brady, 917 North Bristol street, has just been notified of his selection for membership in the League of Curtis Salesman, an honor organization

maintained by the Curtis Publishing company for boys who sell its publications.

Admittance to this organization depends upon regular school attendance and a record of efficient service to customers. Through this training, teachers very generally report that boys gain a sense of responsibility that tends to make schooling more real to them.

As Joshua's friends know, he is developing a sense of self-confidence and an ability to make decisions quickly. That is one

reason he is proud to show his badge of membership to his friends, and is now looking forward to advancement to the next higher degree in the organization.

TWINS LOVE TRAVEL

NEW YORK, Aug. 4.—Two little boys in blue like to sleep in hallways. The Rosenberger twins of Brooklyn, aged 5, have run away from home 11 times now. Each time a cop has found them, their faces as like as their sailor suits, asleep in each other's arms.

WOMAN INJURED AS AUTOMOBILES CRASH

Mrs. L. S. Castle, San Diego, was painfully cut and bruised when the machine in which she was riding with her husband, collided with a car driven by Louise Garrett, Huntington Beach, at Seventeenth street and Grand avenue at 8:15 o'clock last night.

She was taken to the Santa Ana Valley hospital for treatment and later discharged. Her condition was not reported as serious.

According to a report of the accident made by police, the Castle machine was travelling west on Seventeenth street and the Garrett car was going north on Grand avenue, at the time of the accident.

Police News

Charged with speeding 28 miles an hour in a 22,000 pound capacity truck, on South Main street, R. S. Dyer, Santa Ana, was arrested yesterday by Traffic Officer Harold Jaynes.

Ralph Buster, 28, was arrested yesterday afternoon by Officers Dean and Wurtz. He is being held in the county jail for investigation after officers are said to have found a loaded gun in his machine.

Charged with operating a machine without a muffler, Don Keller, Santa Ana, was fined \$3, and Ted Eshom was given a fine of \$2 in police court yesterday.

W. P. McGee and R. L. Brown each were fined \$2 for overtime parking in Judge J. F. Talbot's court, yesterday.

The following persons were fined \$10 each in police court yesterday for speeding: T. P. Wilson, George Parry, Vernon Pee, and Bert Benson.

PARLIAMENT ARGUMENT

LONDON, Aug. 4.—Lady Astor apparently is content to let a man have the last word. She and Jack Jones, fiery Laborite, had an argument in parliament during debate on the anti-strike bill.

He—Your dogs are better fed than miners' children.

She—Shut up.

He—You go back to America—call yourself a lady.

Crosley Radio at Gerwings.

Santa Ana Camp No. 28 meets every 2nd and 4th Tuesday nights, 7:30 o'clock at Moose Hall, 301 East 4th St. W. M. C. PENROSE, C. C. J. W. McLESTER, Clerk.

CLASSIFIED ADVERTISING

Register Want Ads
Personal, Situation Wanted and Furniture for Sale will not be taken over the phone.
The Register will not be responsible for more than one incorrect insertion of any Want Ad ordered less than one month in advance and then only by republication. Absolutely no cash rebate allowed except at the discretion of the publisher. Errors not the fault of the advertiser, which clearly lessens the value of the advertisement, will be rectified only by publication, without extra charge, within FIVE days after insertion.
The Register will not be responsible for errors due to illegible copy.
All Want Ads must be in by 11 a. m. to insure proper publication in all regular editions.
All advertisements wherein larger type or white space is used are charged on the line basis.
This newspaper is a member of the Association of Newspaper Classified Advertising Managers, which includes leading newspapers throughout the country, and has for its aim the elimination of fraudulent and misleading classified advertising. This newspaper, as well as every other member of the Association, endeavors to print only truthful Classified Ads, and will appreciate having its attention called to any advertisement not conforming with the highest standards of honesty.

By Crane 53 Houses—Town (Continued)

FOR RENT—Small town house and garage. 925 West Pine.

5 ROOM house for rent, 813 South Flower.

Golfers Notice
Modern six room house, lawn, shrubbery and one acre land adjoining Santa Ana Country Club. For particulars address C. Box 111, Register.

FOR RENT—Furn. house, near Birch Park. Garage. \$20. Call 1016 West Fourth.

FOR RENT—Nicely furn. 5 room bungalow. Inq. 1521 1/2 W. Fourth.

FURNISHED HOUSE—Reasonable. Trees, fruit. 1301 W. Almond. Cranes, Bennett.

FOR RENT—Unfurn. house, large yard. Inq. 817 E. Pine.

FOR RENT—3 room turn. duplex, garage. Nights and week paid. 2209-J, 1014 W. Pine.

One 4 room duplex for rent, partly furnished. Call 1011 N. Van Ness Ave.

INCOME \$125.00 PER MONTH

How is this for an investment? Three 4-room apartments, two 3-room apartments, 4 garages, buildings old but in the best of repair and condition with no more depreciation; income \$125 per month.

The location, one of our fast-growing business streets, close in and in the line of progress, is now valuable and will continue to increase with the present course of building construction in the immediate neighborhood.

At \$12,000 this property is now paying 12 1/2% gross on the investment. The land value alone, if not already, will soon be well worth this whole amount.

An exchange of a small house or other property will be considered in exchange. No. 2209.

RAY GOODCELL

614 1/2 N. Main, Ground Floor Phone 1332, Santa Ana

I will trade good clear lot for equity in house with mortgage of \$2500 or under.

\$50 down, \$36 per month buys good 5 room stucco, 1300 block south.

5 acre grove, Tustin district; good price and terms.

If you want to buy or sell real estate, phone, write or call Santa Ana Improvement Co.

Beat the Price

The sure way to make money is to buy land ahead of the drill. If any one of the wells now drilling, comes in, sure will be a mad scramble for leases. The big oil companies will pay big bonuses for leases and land prices will go sky high.

Del Mar Acres
is in the midst of the oil activities. The Torrey Pine Oil Co., adjoining on the south. The Randall well on the west. Everything around us under lease.

\$250.00
Gives you one acre and a quarter, free and clear, including oil rights. Title guaranteed by Union Title and Trust Co. Less than a mile from Rancho Santa Fe, 2 1/2 miles from Del Mar, and two miles from Doug Fairbanks' ranch.

You can't possibly lose, and you have a fine chance of making a lot of money.

Another Santa Fe Springs may be in the making in San Diego County.

Don't Wait Until it is Too Late
FRANK SIMMONDS CO.

thence Southwesterly along the line of said Block 99 to the most Southerly corner of Block 100 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 100 to the most Southerly corner of Block 101 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 101 to the most Southerly corner of Block 102 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 102 to the most Southerly corner of Block 103 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 103 to the most Southerly corner of Block 104 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 104 to the most Southerly corner of Block 105 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 105 to the most Southerly corner of Block 106 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 106 to the most Southerly corner of Block 107 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 107 to the most Southerly corner of Block 108 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 108 to the most Southerly corner of Block 109 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 109 to the most Southerly corner of Block 110 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 110 to the most Southerly corner of Block 111 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 111 to the most Southerly corner of Block 112 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 112 to the most Southerly corner of Block 113 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 113 to the most Southerly corner of Block 114 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 114 to the most Southerly corner of Block 115 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 115 to the most Southerly corner of Block 116 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 116 to the most Southerly corner of Block 117 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 117 to the most Southerly corner of Block 118 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 118 to the most Southerly corner of Block 119 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 119 to the most Southerly corner of Block 120 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 120 to the most Southerly corner of Block 121 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 121 to the most Southerly corner of Block 122 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 122 to the most Southerly corner of Block 123 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 123 to the most Southerly corner of Block 124 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 124 to the most Southerly corner of Block 125 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 125 to the most Southerly corner of Block 126 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 126 to the most Southerly corner of Block 127 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 127 to the most Southerly corner of Block 128 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 128 to the most Southerly corner of Block 129 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 129 to the most Southerly corner of Block 130 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 130 to the most Southerly corner of Block 131 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 131 to the most Southerly corner of Block 132 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 132 to the most Southerly corner of Block 133 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 133 to the most Southerly corner of Block 134 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 134 to the most Southerly corner of Block 135 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 135 to the most Southerly corner of Block 136 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 136 to the most Southerly corner of Block 137 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 137 to the most Southerly corner of Block 138 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 138 to the most Southerly corner of Block 139 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 139 to the most Southerly corner of Block 140 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 140 to the most Southerly corner of Block 141 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 141 to the most Southerly corner of Block 142 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 142 to the most Southerly corner of Block 143 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 143 to the most Southerly corner of Block 144 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 144 to the most Southerly corner of Block 145 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 145 to the most Southerly corner of Block 146 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 146 to the most Southerly corner of Block 147 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 147 to the most Southerly corner of Block 148 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 148 to the most Southerly corner of Block 149 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 149 to the most Southerly corner of Block 150 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 150 to the most Southerly corner of Block 151 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 151 to the most Southerly corner of Block 152 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 152 to the most Southerly corner of Block 153 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 153 to the most Southerly corner of Block 154 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 154 to the most Southerly corner of Block 155 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 155 to the most Southerly corner of Block 156 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 156 to the most Southerly corner of Block 157 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 157 to the most Southerly corner of Block 158 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 158 to the most Southerly corner of Block 159 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 159 to the most Southerly corner of Block 160 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 160 to the most Southerly corner of Block 161 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 161 to the most Southerly corner of Block 162 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 162 to the most Southerly corner of Block 163 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 163 to the most Southerly corner of Block 164 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 164 to the most Southerly corner of Block 165 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 165 to the most Southerly corner of Block 166 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 166 to the most Southerly corner of Block 167 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 167 to the most Southerly corner of Block 168 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 168 to the most Southerly corner of Block 169 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 169 to the most Southerly corner of Block 170 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 170 to the most Southerly corner of Block 171 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 171 to the most Southerly corner of Block 172 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 172 to the most Southerly corner of Block 173 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 173 to the most Southerly corner of Block 174 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 174 to the most Southerly corner of Block 175 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 175 to the most Southerly corner of Block 176 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 176 to the most Southerly corner of Block 177 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 177 to the most Southerly corner of Block 178 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 178 to the most Southerly corner of Block 179 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 179 to the most Southerly corner of Block 180 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 180 to the most Southerly corner of Block 181 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 181 to the most Southerly corner of Block 182 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 182 to the most Southerly corner of Block 183 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 183 to the most Southerly corner of Block 184 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 184 to the most Southerly corner of Block 185 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 185 to the most Southerly corner of Block 186 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 186 to the most Southerly corner of Block 187 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 187 to the most Southerly corner of Block 188 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 188 to the most Southerly corner of Block 189 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 189 to the most Southerly corner of Block 190 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 190 to the most Southerly corner of Block 191 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 191 to the most Southerly corner of Block 192 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 192 to the most Southerly corner of Block 193 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 193 to the most Southerly corner of Block 194 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 194 to the most Southerly corner of Block 195 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 195 to the most Southerly corner of Block 196 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 196 to the most Southerly corner of Block 197 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 197 to the most Southerly corner of Block 198 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 198 to the most Southerly corner of Block 199 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 199 to the most Southerly corner of Block 200 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 200 to the most Southerly corner of Block 201 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 201 to the most Southerly corner of Block 202 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 202 to the most Southerly corner of Block 203 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 203 to the most Southerly corner of Block 204 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 204 to the most Southerly corner of Block 205 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 205 to the most Southerly corner of Block 206 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 206 to the most Southerly corner of Block 207 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 207 to the most Southerly corner of Block 208 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 208 to the most Southerly corner of Block 209 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 209 to the most Southerly corner of Block 210 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 210 to the most Southerly corner of Block 211 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 211 to the most Southerly corner of Block 212 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 212 to the most Southerly corner of Block 213 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 213 to the most Southerly corner of Block 214 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 214 to the most Southerly corner of Block 215 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 215 to the most Southerly corner of Block 216 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 216 to the most Southerly corner of Block 217 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of said Block 217 to the most Southerly corner of Block 218 of said Santa Ana East, a distance of 23.23 feet, to a point; thence Southwesterly along the line of

Billy Grocers INCREASE CITY LEAGUE LEAD**Evans SAYS**
George Sisler has a penchant for breaking records held by Ty Cobb.

Back in 1911, the Georgia Peach socked the ball to the extent of .420, to lead the American league in batting. Eleven years later Sisler equalled the performance. Another record of which Cobb was very proud, was that of having batted safely one, or more times in 40 consecutive games. In the year 1922, that Sisler tied Cobb's mark of .420, the best batting average ever made in the American league, he also surpassed Ty's consecutive hitting feat.

Starting July 27, Sisler went on a hitting spree that didn't end until he had batted safely one or more times in 41 consecutive games, bettering Cobb's record by one game but falling three short of Willie Keeler's 44 games made in 1897, which has stood for 30 years against the onslaughts of the game's greatest batsmen. It was in 1911 that Cobb, with 248 base hits, set a new high water mark for getting the ball safe. During the season of 1920 the record was twice broken, Rogers Hornsby of the National league getting 250, while George Sisler went into the lead with 257.

However, Cobb still holds plenty more remarkable batting records for Sisler to shoot at and a majority of them will remain unscathed.

FAILED AT THIS ONE

Only recently Sisler threatened a batting feat of which Ty Cobb is justly proud, the making of 11 consecutive base hits. Speaker made his record during the season of 1920, noted for unusual batting feats. It included 10 singles, two of them bunts, and one double.

Sisler's attack on Speaker's consecutive batting record was broken after he had made eight in a row. Unlike Speaker, Sisler scattered a number of extra base hits into the effort, making a home run, a triple, three doubles and the same number of singles before he was stopped.

Charley Ruffing of the Boston Red Sox was the pitcher to end Sisler's base hit rampage. He made him ground out to first baseman Todd in his ninth attempt.

Several years ago, as I recall it, Sisler made 10 hits in a row, only to be stopped in the same manner, a ground ball to the first baseman on which he was retired.

HIS GREATEST FEAT

While Sisler is proud of the records I have discussed, he tells me that his greatest thrill as far as batting is concerned was limited to a one day performance.

In a game with Washington, he first came to the bat with the bases filled and proceeded to clear them with a triple. The next inning he was up again with the sacks loaded. This time he made a home run.

Thus, in two consecutive innings, through the medium of a triple and a home run, Sisler had the unique distinction of driving seven runs over the plate. It's a record as far as I know.

"That was real action out of a clear sky that gave me a real kick," says Sisler. "While I have a feeling of pride in my other efforts, still I cannot say that I greatly enjoyed the various experiences."

**Sweaters**
\$2.95

Special lot of good sweaters. There are some Lumberjacks and Pullovers, all sizes, some fancy and others are in plain colors. Values to \$6.00, special at \$2.95.

"A SURPRISE FOR KEENE"

JUST AS DETECTIVE KEENE AND BEN MAMMON ARE ACCUSING MME. VYPA OF BEING THE BRAIN BEHIND THE JINX, A SHOT RINGS OUT

YOU GUARD THIS WOMAN MR. MAMMON. I'LL SEE WHAT THAT IS!!

DRAWING HIS AUTOMATIC, KEENE RACES TOWARDS THE MAIN TENT

THAT SHOT CAME FROM THIS DIRECTION!!

HEARING SOUNDS OF A STRUGGLE, THE PUZZLED DETECTIVE ENTERS THE "BIG TOP"

WHAT'S GOING ON HERE? WHO FIRED THAT GUN?

HERE IN THE SAW DUST RING LIES "PROF. BALANCIA, STRUGGLING FRANTICALLY TO RELEASE HIMSELF FROM THE STEEL-LIKE GRIP OF MAT MALONE

YOU TOOK ME BY SURPRISE WHEN YOU JUMPED ON ME, BUT I'VE GOT YOU NOW, YOU RAT!!

HEY, ROUSTABOUT CALL A COP!

THAT'S ALL RIGHT—I'M A DETECTIVE! WHAT'S THIS MAN DONE?

WELL, I JUST CAUGHT HIM TRYIN' TO FIX OPAL'S TRAPEZE SO'S IT WOULD BREAK WITH HER—I DON'T BELIEVE IN A JINX NOW—I THINK THIS FELLOW WAS THE CAUSE OF ALL OUR TROUBLE AND ACCIDENTS!

REVENGE HERE TOMORROW

MARATHONER

Mercedes Gleitz, who hopes to do the English channel this season, swam a little matter of a hundred miles by way of training. She paddled from Westminster bridge, London, to Folkestone, Kent. Here she is about to start the trial jaunt. Oh yes, she made several stops on the way.

PLYE'S RACE ROUTE ACROSS U. S. TOLD

SPRINGFIELD, Mo., Aug. 4.—The route of the international transcontinental foot race to be held next month was announced by C. C. Pyle, promoter, here today. Pyle conferred with directors of United States Highway association with regard to the route.

The runners will travel from Los Angeles to Needles, Calif., then to Flagstaff, Kingman, Ariz.; Albuquerque, Santa Rosa, Tucuman, N. M.; Amarillo, Texas; Oklahoma City, Tulsa, Okla.; Baxter Springs, Kansas; Joplin, Mo.; Springfield, Mo.; St. Louis, Bloomington, Joliet and Chicago, Ill.

One thousand entrants for the race have been received, Pyle said, adding that the route of the New York-Chicago race will be mapped out later.

The veteran Eddie Collins, now with the Athletics, has just celebrated his twenty-first anniversary in the big leagues.

RICKARD TELLS WHY CHICAGO GOT BIG BOUTBY HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, Aug. 4.—With the statement that Chicago is getting the last big heavyweight championship fight he will hold outside New York, Tex Rickard today said he is going to build a huge outdoor stadium here and that he wants to buy the New York Giants.

"I want the Polo Grounds first of all because it's a natural place for the kind of stadium I want to build," he said.

The promoter then went on to say that he took the second Tunney-Dempsey fight to Chicago for two reasons:

First, that he felt under obligations to Chicago.

Second, that there wasn't a place big enough in New York.

Rickard said he had been put in the position of "running out on the Chicago fellows" when he took last year's championship to Philadelphia and on the day of the fight in Philadelphia he promised Governor Len Small, of Illinois, that his next big fight would be in Chicago.

"I never had any intentions of putting that fight on in New York," he said.

"Never saw anything like it before," Rickard said when he looked at the orders piled on his desk for the return heavyweight championship match between Gene Tunney and Jack Dempsey.

"How much do you reckon is there, Al?" he asked his business manager.

"Over \$675,000 worth without what you brought back from Chicago," the business manager replied.

"Then it's about a million," Rickard beamed. "We'll have 150,000 there and the gate will be close to \$3,000,000."

"I thought when I had Dempsey and Carpenter that I had hit the high spot. I was sure that the limit was reached in Philadelphia last year but now I know that there is no limit when you can get the right kind of match."

Rickard isn't in the least concerned about the stories from Los Angeles that Dempsey doesn't like the date.

Rickard, as a proud parent of recent date, had a good chuckle about the report that Dempsey's plans had been disturbed by the impending arrival of a heir.

TRAINING CAMP SITES NOT ANNOUNCED

CHICAGO, Aug. 4.—With the definite date of September 22 set for the Tunney-Dempsey fight, interest turned today to the selection of training sites for the champion and the ex-champion challenger.

Dempsey has announced that he will leave the west August 15 to begin training.

Just where he will train is unknown. The Illinois boxing commission has announced its opposition to any training site outside this state, and plans for either boxer to establish camps in Wisconsin, Indiana or Minnesota will be frowned on.

Dempsey has asked a Chicago hotel to reserve a cottage on its roof. It is believed he wishes it for the use of his wife.

Rockford, Ill., and Champaign, two cities within a 100 mile radius of Chicago, would like to see the heavyweights train there. On the other hand there are a number of places nearer Chicago with facilities for the boxers, which probably will receive consideration.

La Barba Plans One More Scrap

LOS ANGELES, Aug. 4.—Fidel La Barba, world's flyweight champion, will probably make his last professional ring appearance here August 23 when he meets Johnny Vacca, of Boston, in a 10-round bout. The fight will be at bantamweight (poundage, 118 pounds). La Barba will enter Stanford university this fall.

Rubber Stamps at Stein's.

You'd Be SURPRISED!
BY BILLY EVANS

Pitcher Dave Danforth, now with New Orleans, continues to be the mystery man of baseball.

Since Dave broke into the American league years ago with the Philadelphia Athletics, he has been a thorn in the side of opposing clubs, regardless of the leagues in which he has played.

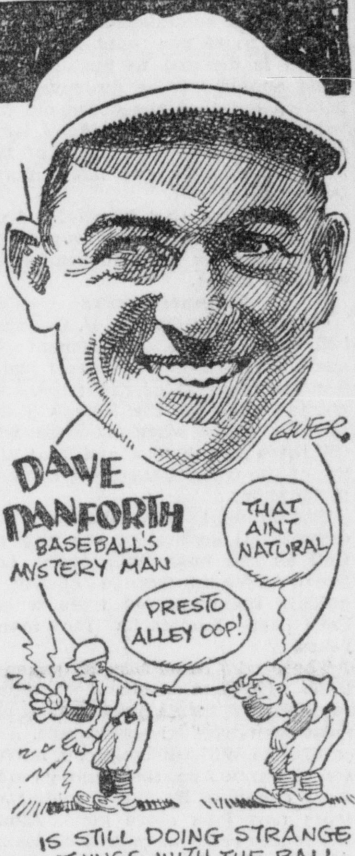

As a member of the Chicago White Sox and the St. Louis Browns, his selection as one of the pitchers immediately started plenty of arguments. The rival players instead of trying to hit the ball as Danforth pitched attempted to learn what trickery he resorted to in throwing a fast ball past them.

It is impossible to convince any batter, either in the majors or minors, that Danforth didn't get the break on his fast ball through doctoring it. They all insist he is a magician, not a pitcher. Yet, no one ever authentically exposed his method of alleged trickery, although scores of solutions have been offered.

Danforth achieved his greatest success as a pitcher solely through the use of a fast ball that elusively dodged the swing of the batsmen. It was said he loaded the seams, loosened the cover, because of his abnormal grip, roughened the ball with the nail on the thumb of his pitching hand, which he kept saw-edged, also that he pickled his pitching hand with a solution that enabled him better to grip the ball.

None of these things were ever proved and today Danforth, who has slipped some, is still pitching winning ball in the Southern association.

I once used 65 new balls in a

game he pitched against New York to prevent alleged "doctoring." He lost that game 3-1 but allowed only three hits. A triple by Bob Meusel of the Yankees followed three bases on balls.

SWEETSER, FORMER AMATEUR GOLF CHAMPION, SCORES BIG TOURNEYS AS UNSPORTSMANLY

NEW YORK, Aug. 4.—Jess Sweetser, former British and American amateur champion, is through with tournament golf—not for this season alone but for all time.

One of the game's most belligerent and spectacular stars has finally decided definitely to follow the example of another great player, Miss Joyce Wethered, former women's champion of Great Britain.

Well, here is Jess scoring modern golf, sorrowfully quitting the competitive field he once loved so well because it has degenerated from a pastime to a grim, blood-and-flesh business.

"You fellows who play for the fun of it do not realize how lucky you are," Jess explains. "You can't begin to imagine the strain of championship golf. You go out for a friendly two-scholar and foursome with a few exceptions, all is laughter and conversation. That is as it should be."

"If you have a new club, you try it out during the match. If it fails

you, you have done little to injure your reputation as a golfer. It is just another shot gone wrong.

"You may lose the hole as the result but it is unlikely there will be any headlines in the newspapers about it next day."

"When a champion, or one who has been a champion, plays over a links for the first time he is expected to lower the course record. Every shot has to be studied carefully, and no mistakes must be made, for every is on the champion. If he fails to shoot brilliant golf, there is much to do about it."

"It is not worth it. The strain takes all the pleasure away from the game."

"Championship golf is not recreation; it is hard work. I have stood beside my ball and felt perspiration oozing from every pore—and the weather would not necessarily be hot, either."

It will be remembered at this point that Jess nearly lost his life from an illness that grew more acute following the strain of his gallant battle in the 1926 British amateur championship.

"I hope to play golf indefinitely—but no more of the big league stuff for me. There is less fun in that sort of golf and I'm going to try to get out of it—but I'm not going after anything else."

HITT NAMED AS S. A. PITCHER FRIDAY**'MEMPHIS' HILL LEADS STAR BATSMEN**

Frantic manipulation by the governing board of the Santa Ana All-Stars, culminating in an indefinite postponement of tonight's City league contest between the First National bank and the Chandler Furniture company made it obvious today that Manager John Wilcox will start Gene Hitt on the mound against Anaheim in the championship game of the Orange County Night Baseball league at Lincoln park here tomorrow evening.

Hitt, the willowy Banker gunner who coils up like a snake before he starts his curves sailing for the plate, would have toiled for his first National squad under ordinary circumstances and the prayers of Wilcox that the game

be delayed can mean only one thing—that he wants to save Hitt for the Anaheim game.

Hal Jensen, the blond Viking who did well in two starts with Anaheim only to lose both on account of wildness his first trip and by horrible support the next time out, will be held in reserve. Jensen has a world of stuff on the ball and should be especially effective as a relief moundman.

Hitt broke into the second Anaheim game, working the last four innings. He came into the contest amid cold and with Anaheim expected to come back with him here, especially in view of the fine showing Walker made against the locals in the first Santa Ana-Anaheim ruckus.

Statistics disclosed that little

DUCK OFFICIALS TO COME HERE IN SEPTEMBER

President Tom L. Turner and Secretary Roy Mack, the "big guns" of the Portland baseball club and the men who will have the final say as to whether the Ducks train at the Orange County Fair grounds next spring, will come to Santa Ana early in September to investigate the local site.

This information was given a committee of representative citizens and business men who attended in a body the Portland-Hollywood game at Wrigley field, Los Angeles, yesterday and waited on Manager Ernie Johnson, the fiery Laguna Beach fellow.

That Turner and Mack are interested in the Santa Ana proposition is putting it mildly but they intend to go over the situation thoroughly, being sure of their ground before they have any announcements to make.

Santa Ana officials and fans may rest assured that if Portland decides to train here and Turner makes such an announcement nothing will hold up the deal. Turner, a major in the marines during the war, is that kind of a man. He is regarded as one of the smartest, shrewdest baseball men in the business.

City officials and members of the Orange County Fair Board association are absolutely "sold" on the venture and intend to let nothing stand in the way of a favorable decision by Turner, Mack, et al.

The boosters are satisfied the camp could be made to finance itself and that it would be worth untold value to the county from a standpoint of advertising and publicity goes without saying. Daily press dispatches, carrying a Santa Ana date-line, would go all over the county.

Another group of boosters was scheduled to attend the game in Los Angeles today to participate in the "Ernie Johnson Day" ceremonies. Most of these hailed from Laguna Beach, an entire box having been reserved for the fans from Johnson's winter home. Johnson was to be presented with a loving cup, suitably engraved.

Dick Donald Off To Sign Battlers

LOS ANGELES, Aug. 4.—Dick Donald, the "Rickard of the west," left here today on a motor trip to San Francisco, Medford, Ore., Portland and Seattle in quest of fistic talent for the supporting card for the Mushy Callahan-Sammy Baker, junior welterweight title bout at Wrigley field here, August 29.

JONES THROWS PESEK

LOS ANGELES, Aug. 4.—"Admiral" Paul Jones, Texas grappler, today found himself the ranking challenger for the heavyweight wrestling championship held by Joe Stecher, following his victory over John Pesek, Nebraska "tiger man," here last night.

REMEMBER?

They're not holding any benefit bouts for Jim Flynn, the Pueblo fireman, the only man ever to knock Jack Dempsey out, because Flynn is now head of the most prosperous taxicab business in Phoenix, Arizona.

TED COFFMAN, S. A. BOY, TO COACH COLLEGE

Ted (Soapy) Coffman, former Santa Ana high school football and baseball star, who was graduated from the University of Southern California this June, has been elected head of the athletic department at New Mexico Agricultural college, Las Cruces, N. Mex.

In his new position Coffman will have charge of the varsity football, basketball and baseball squad. The New Mexico post is said to be one of the best well worth having financially and the Santa Ana coach received the appointment over a batch of candidates.

Coffman was a member of four teams, playing end on the 1919-20, 21-22 eleven coached by "Spud" Morrison. The 1921 outfit won the Southern California title. Coffman played on Santa Ana baseball teams three seasons, being captain in 1922.

He was a member of the varsity football squad at U. S. C. and was first string catcher on the ball team.

Coffman resides near Anaheim now.

Lou Gehrig, the great slugger of the Yankees, has hit the pill for at least one home run in every park on the American league circuit this season.

JENSEN GIVEN POOR SUPPORT BY LUMBERMEN**Walt Jordan Hurls Steady Ball, Pulls Through to Decisive 6-1 Triumph**

Blauer's Grocers were more firmly entrenched in first place in the Santa Ana Night Baseball league today and looked every inch the team to beat for the gonfalon following their decisive 6 to 1 triumph over the Santa Ana Lumber company at Lincoln park last night.

The Lumbermen played in a daze behind blond Hal Jensen, kicking eight chances almost all of which figured directly in the Blauer scoring. "Scotty" Scott, the league's official scorer, was lenient with the boys at that. He could have chalked down several more miscues had he been in stern mood.

Jensen allowed only six hits and with some competent help probably would have made a ball game of it but the handicap of carrying along eight errors was asking too much.

Walter Jordan, the big Blauer deceiver, was in his best form and his teammates put up a hammer and tongs fight for him so his chores were made much easier than Jensen's. Don Hillyard, Bill Foote and Bill Cole all turned in spectacular fielding stunts whereas Horace Snow was the lone Lumberman to do any sparkling fielding.

Foote brought in the first Grocer run. He beat out a bunt in the opening stanza, went to second on a wild throw to first and came on around on another terrible heave to head him off.

Jordan opened the third with a single, stole second and scored on Windler's error. An error, Sullivan's safe bunt and Williams' double meant two more runs in the fourth.

CUTTING DOWN OF TREES ON SOUTH MAIN STREET CAUSES MANY TO EXPRESS OPINIONS

"I would like to see the trees on South Main street cut out clear through to the end of the city," F. C. Whitson, 210 South Main street, declared today in commenting on a petition placed before the city council Monday night, in which residents of South Main street requested the city to remove the shade trees in the parking on that thoroughfare between First and Pine streets.

"Main street as far as Pine is a business or semi-business class of property," stated Whitson, "and we should prepare for that in the future." The fundamental reason for the petition is the fact that the foliage of these trees obstructs the light from the new ornamental system recently installed, according to Whitson, who explained that the street would look better if the trees were removed in preparation for the expected advance of business.

"I hope, when the trees are taken out, they will go down clear through the street," Whitson continued. "We spent \$40,000 for the ornamental lights and we are not getting the full benefit of them because of the trees," Whitson declared.

To Estimate Cost
The council referred the petition to City Manager E. B. Collier at Monday night's meeting and he is expected to report the probable cost of cutting the trees, at the next meeting. City Engineer Clyde Jenken estimated the cost of taking out the trees as far as Chestnut street would be \$400.

The residents between Pine and Chestnut originally signed the petition, it was reported, but later decided to withdraw their names.

H. E. Woods, 217 1/2 South Main street, while favoring removal of the trees as far as Chestnut, does not

approve of further cutting. He declared that inquiries have revealed that there is interest in that section as business property.

"To cut the trees from First street to the Irvine property is all foolishness," Woods asserted.

Expressions of opinion from members of the city planning commission indicated a more conservative attitude toward the destruction of the trees, some of which are older residents of Santa Ana than the majority of the city's population.

"It would be a great pity to cut out all those trees," Col. S. H. Finley, president of the commission declared. Finley takes the position that the trees should not be chopped out until business actually demands it.

No Authority
The commission has no authority to act in the matter and will not officially consider it unless it is brought before that body by some interested person. Its action could only be to make recommendations to the city council expressing its desire in respect to the proposed removal.

It is the policy of the commission, however, to work for the preservation of trees wherever possible, according to Mrs. Clara Cushman, secretary.

"I walked under those trees many years ago," said Mrs. Cushman, "and much prefer their beauty to the ornamental lights. The lights are a means of service and not a source of beauty to me."

"Only a civic improvement such as the widening of the street would justify their removal," she said.

George Wells, one of the members of the commission, feels that until 70 to 80 per cent of these blocks is devoted to business, the trees should not be destroyed. He pointed out that the dozen old fan palm trees on the west side of Main street probably cause most of the light obstruction, and might favor taking them out.

Wells stated that he might look with more favor on the proposition if all the trees were cut uniformly on Main street.

City Attorney Charles D. Swanner believes that the development of business south on Main street justifies the removal of the trees. He pointed out that the time will inevitably come when business will fill these two blocks and that the life of the trees is therefore doomed to be short.

The gradual expansion of the commercial section of the city as well as the business growth between cities in Orange county is quickly removing old trees which have been landmarks for many years.

Those who came here a generation ago can remember when Southern California presented an almost semi-tropical appearance. According to William Spurgeon, native son of Santa Ana, the country roads were canopied by the branches of trees now long since gone. Along the fences roses grew and blossomed in profusion, while all varieties of many colored flowers ramblled at will in the dooryards of the old farm houses.

KIWANIANS OF ANAHEIM VISIT CLUB IN S. A.

What proved a real treat to music lovers was the excellent literary-musical program presented at yesterday's joint inter-club meeting of the Santa Ana and the Anaheim Kiwanis clubs, held at St. Ann's Inn. The Anaheim delegation, headed by A. Curtis Case, president, and George Howard, chairman of the inter-club committee, was in charge of the program, composed entirely of Anaheim talent.

In the absence of O. N. Robertson, president of the Santa Ana club, vacationing at Twin Peaks, C. Edwin Dessery, vice president, was in charge of the meeting, which in addition to members of the Santa Ana and Anaheim members, was attended by a large number of visiting Kiwanians and guests. Included among the former were several members from Arizona and Colorado.

If volume and duration of applause determines approval, the honors of the program were divided between Elizabeth Seigel and the "Collins Twins" the latter twin sisters, eight years of age, the daughters of Mr. and Mrs. E. A. Collins of Anaheim. Miss Seigel, a student of the Anaheim Conservatory, delighted the audience with her trained soprano voice, singing several da capo numbers. She has already studied in Germany and Italy, and leaves next month for Germany to take up opera work.

Equally well received were the various numbers, including songs and recitals, presented by the Collins sisters, Ellen and Katherine, whose offerings have been broadcasted from KJH and other stations.

The emotional upheavals of a newly married couple, depicted in a monologue, entitled "Will Stays Out Nights" was cleverly presented by Mrs. Harold Covey of Anaheim.

Another pleasing number on the program was the appearance of Mrs. Agnes Messersmith, presenting a musical reading.

The various artists were accompanied by Miss Katherine Steward of Anaheim, whose performance on the piano contributed to the success of the program.

FRANCE TO OBSERVE U. S. LEGION HOLIDAY

PARIS, Aug. 4.—France will observe a public holiday Monday, September 19, in honor of American Legion members here for their Paris convention. The holiday has been decreed by the government. Despite the fact that it is now expected that attendance will be far less than the 30,000 originally anticipated, the government is planning an elaborate entertainment for those who come.

There will be an official banquet for 1000 of the delegates, a gala ball, fireworks, special illuminations and official receptions. Approximately \$10,000 has been appropriated for the government's share in the program.

BAN ON SMOKERS

BEND, Ore., Aug. 4.—"If you must smoke do it while standing still," is the working motto of woodsmen in this part of the country, who are seeking to prevent forest fires.

Smokers are urged to refrain from indulgence in the habit while walking or riding.

HARD WATER PLUS MEL'O MAKES SOFT WATER

THIS is soft water. Grandpa caught it in a rain barrel. Grandma washed the clothes in it. My! How white the clothes were in the 80's! How easy they were to wash! And how smooth and white her hands were!

This is hard water. City water. It comes out of a faucet. It takes a lot of soap to make a good lather. Even then it leaves a ring around the bathtub, the dishpan, the washbowl. The clothes look grayish white. Mother would like to use soft water for washing clothes, dishes, faces, hands, the children. But there isn't any soft water—rain water—any more. This is 1927.

Mother knows the virtues of soft water. She tries to get it by using ammonia, borax and sal soda. These partially soften water. They are all

good in their way. But it takes heaps and the water isn't really soft.

This is a package of Melo. It softens water. Now, mother can put a teaspoonful of Melo in the dishpan, two tablespoonfuls in the washbowl, and she has soft water—like rain water. Dirty, scummy rings don't form in the bathtub or washbowl. No greasy feel to the dish water. The clothes are snowy white. Her hands are smooth and white and soft.

Melo saves 1/3 to 1/2 the amount of soap. Saves time in washing dishes, clothes, floors, everything. Keep a package of Melo in the kitchen, laundry and bathroom. Get it at your grocer's.

MEL'O

Life's Niceties

HINTS ON ETIQUET

1. What is the polite thing to do if you find yourself seated at a party near someone you have not met?
2. Should a hostess make a conscious effort to keep conversation going at a party?
3. Is there any way to divert a guest who seems bent on doing all the talking?

THE ANSWERS

1. Introduce yourself.
2. Yes, if necessary.
3. Ask someone else, pleasantly, if he won't tell some incident you know is amusing.

Today's Anniversaries

1860—France sent a force to Syria to protect the Christians.

1886—Samuel J. Tilden, Democratic nominee for president in 1876, died in New York City. Born at Lebanon, N. Y., March 15, 1814.

1887—Seventy-nine houses were destroyed by a tornado at Millbrook, Kas.

1892—Andrew J. Borden, wealthy resident of Fall River, Mass., and his wife were murdered in their home in broad daylight by some person unknown.

1893—Nine lives were lost by the sinking of a pleasure steamer on Lake George.

1895—Mobs destroyed the missions at Ku-Cheng, China, and killed ten British missionaries.

1900—Dr. David P. Barrows of San Diego Normal School was appointed superintendent of schools of Manila.

1914—Great Britain made a declaration of war against Germany.

Read This! If You Have Varicose Veins

If you or any relative or friend are worried or suffer because of varicose veins, or bunches, the best advice that anyone in this world can give you is to get a prescription that literally hundreds of people all over the country are using with complete satisfaction.

Simply ask your druggist for an original two-ounce bottle of Emerald Oil and apply night and morning to the swollen, enlarged veins, rubbing gently upward and towards the heart as the blood in the veins flows that way. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless, germicide and results are guaranteed by all good druggists.—ADV.

THE BOOK OF KNOWLEDGE:

Franklin's Death

By Special Permission of the Publishers of The Book of Knowledge. Copyright, 1923-26

SKETCHES BY BESSEY

SYNOPSIS BY BRAUCHER

Franklin's expedition, which reached its goal, proving there was a channel across the top of America, was last sighted by whalers in July, 1845, in Baffin Bay. The two ships vanished and for three years no trace of Franklin's men was found. A single scrap of paper, dated 1848, found in a little cairn at Point Victory, told part of the story.

By NEA, Through Special Permission of the Publishers of The Book of Knowledge. Copyright, 1923-26.

The men had been ice-locked for two years and finally had abandoned the ships, desperately dragging their small boats across the vast wastes.

An old Eskimo woman drew pictures in the sand to show rescue parties how the men had fallen dead as they dragged their tired bodies onward.

Many relics came to light. There were isolated corpses, some in upturned boats, some in tents with guns in hand, loaded to shoot the game they failed to find. There were evidences that the maddened men were driven to cannibalism. But Franklin's voyage proved the way was there, and opened the path for another great mariner, Nordenskiöld.

THE TINYMITES

STORY BY HAL COCHRAN — PICTURES BY KNICK
REG. U. S. PAT. OFF.

(READ THE STORY, THEN COLOR THE PICTURE)

It didn't take the taffy boat so very long to safely float out on the whipped cream surface and then out of sight of land. The Tinymites all were filled with awe. Such wondrous things they never saw. The Taffy Man had gone from view with one wave of the hand. "Oh, my," said Scouty, "this is great. I wonder how long we must wait before we come to land again, wherever that may be." "Well, what's the diff," wees Coppy cried. "We're safe as long as we're inside this taffy boat. But, say, I'd like to jump right in this sea." "Let's do it then. I like whipped cream," said Carpy. "I would be like a dream. Imagine eating all you want. I'm glad this sea was found." Oh, don't jump in," snapped Scouty quick. "Cause so much cream might make you sick. Or, maybe this sea's very deep and all of us might drown." "Now Scouty, just by thinking twice, could always hand out good advice. The others quite agreed with him, so stayed aboard the ship. The sun was shining very strong when someone shouted, "Something wrong. Our boat is getting sticky, and the front's begun to dip." The Tinymites were in a daze, for right beneath the bright sun's rays their taffy boat began to melt and spread out on the sea. "Oh, my! Oh, my!" the whole bunch cried, this surely ends our lovely ride. If this thing keeps on melting, where will all of us soon be?" By now the smoke stack tipped a bit. The Tinymites had no place to sit. The seat around the taffy boat had slowly melted away. The whole bunch gazed, but no one spoke. They realized this was no joke. They wished that they were back on land where they could run and play.

(A submarine rescues the Tinymites in the next story).
(Copyright, 1927, NEA Service, Inc.)

THE WOMAN'S DAY

by ALLENE SUMNER

All America that loves its fairy tales—and most of it does—is watching the approaching marriage and honeymoon of "Bud" Stillman, heir to one of America's greatest fortunes, and Lena Wilson, girl of the north woods, who washed dishes in his mother's kitchen. The Cinderella motif. The very question "Will they be happy?" seems absurd. What if they won't be? Can anyone stop them marrying? They are in love. Was any marriage between young people in love ever stopped because of such questions of the mind and not the emotions?

DOGGIE'S JEWELS

A husband of the mid-west whose income was \$105 a month complained in court that his wife had contracted a jewelry bill of \$135 for a dog collar of gold with a diamond or so sprinkled over it. He said something, too, about a dog doctor's bill of \$30.

Oh, well, too bad, of course! But, somehow, the spectacle of a very occasional man spending money for his wife's dog's collar and doctor seems no more pathetic to me than the spectacle of hundreds and thousands of wives going without clothes and any form of recreation in order that papa may have his car and radio and golf club dues and summer vacations, and what not!

MAN PAID 'N PAID

Women have borne the stigma of being the gossips of the human species for many a year. It delights the hearts of all of us to learn that two New York women got \$10,500 from a New York man because he "talked about them."

MAN SPANK HER

All husbands who think that woman's place is in the home, and that they have a real grievance if their socks are not darned and meals are not on time, should move to Paris. A husband in that city who spanked a neglectful wife and who found himself in court,

was upheld by a judge who pronounced it any husband's right to so chastise any negligent wife. In fact, the judge found a law to such effect.

Law or not, I am inclined to agree with the judge. After all, why should a man work to provide the wherewithal for a home which is not managed with the same care which he uses on his job? To be sure, if the wife is working outside the home, that's different! It's up to husbands then to either make allowances or pitch in and do their half of the work!

GOLD DIGGERS

When a bunch of girls put on hiking duds and start out to cross the country, is it up to the towns through which they pass to give them free board and rent? This seems to be the attitude of three co-eds from New York University who started walking to the Pacific coast without a penny in their knicker pockets. All went well until Cleveland, when the best free lodging they could get was in the police station. They were sure peeved! Called Cleveland "an inhospitable one-horse town, etc."

I wonder if kids aren't getting that way more and more—calling it smart and sophisticated and adventurous to try to "work" the world instead of doing a little work themselves?

JUST ANGE

"We've only had one argument," said he—and didn't wince. "It started when we married, and it's lasted ever since."

Beauty and Health

by Edna Kent Forbes

THE END OF A MEAL

Talking of cutting calories when you eat at restaurants—it's easy to take fruit or clam cocktail instead of thick soup, it doesn't make much difference whether you eat lean beef or roast loin of pork, and after few pangs of regret, you can say "no" to a potato. You can even manage your salad with a spare dressing of salt and vinegar instead of the thick mayonnaise your soul desires and the waitress passes to you.

Your real temptation comes when the fessert arrives. Ice cream—no, decidedly no! A heaping tablespoonful is 100 calories, the amount the restaurant would give you would be from 250 to 350 calories. You can't have that. Pie? If it's a fruit or custard pie without any top crust, count it 250 or more a helping. If it has a top crust, add on another 100 calories. A piece of cake? Plain cake would be 200 and up, layer or rich cake, 300 and up. No cake!

Pudding? Just as bad. Two hundred to 400 calories, depending on the amount of good things like sugar and butter and flour that have gone into it. No pudding! Well, you can have a dish of stewed fruit, you can have your fruit cocktail saved from the beginning and put on the end of the meal; you can have watermelon, or a little canteloupe, odd as these things seem for a dessert.

You can't have cheese, because the average size small cube, such as they serve with pies, is 100 calories, and you'll eat crackers at 25 calories each and butter with it. You'd better stick to fruit and a little black coffee and make it up with conversation and the comforting idea that your figure is going to be younger and slimmer than any others present if you keep on dieting.

V. A. R.—Be very sparing with rouge and put it on your skin before powdering. There is no special method for applying either, just practise a bit until you have satisfactory results.

In very cold weather, if powder does not stay on the skin, massage a very little bit of cream into the pores, wipe off all that will come away, and then powder as usual. Always remove rouge with oil or cleansing cream before retiring. Miss A. S.—Try a diet of fresh vegetables omitting meats, rich sweets and much of the starchy foods until your skin is clear. Do everything possible to stimulate the circulation under skin where you are troubled with whiteheads. To do this, pat the skin with finger tips till you bring the blood to the surface, massage, and use ice rubs or cold water after every time you bathe or cleanse with cream.

Tomorrow—The Fair Type

Do Women Spoil Vacations By 'Fiddling'?

BY OLIVE ROBERTS BARTON

A feminist on a summer lecturing tour declares that man's life is less interesting than woman's. I think she means less busy. Also in many ways, more sensible. Put a woman anywhere, and she's going to fill up her time completely with one thing or another. She does not know how to relax.

A tired little stenographer went on a two-weeks' vacation trip with three other girls. The bus tour through mountain scenery and cool valleys was the very thing she needed. There was no reason why she should not have returned to the office fresh and rosy for another run of work.

But every night after a movie or whatever there was to do in the towns at which they stopped—she went through a series of rites about clothes and things that no pagan priest could have rivaled. She unpacked everything she owned and hung them up on hangers "because they got stuffy." She pressed her collars, cuffs and belts, and washed out handkerchiefs, stockings and undies because she "never liked to carry anything soiled along." By the time she got her bath and adjusted a dozen hair combs under a cap so her hair would be properly waved in the morning it was usually two o'clock when she crawled into bed. She was up at dawn to get things carefully packed again and to make a toilet that took hours instead of minutes.

Daintiness—who can question cleanliness—who can criticize? Careful grooming by all means!

Never put off 'till tomorrow what you can take off today.

Just Folks

by Edgar A. Guest

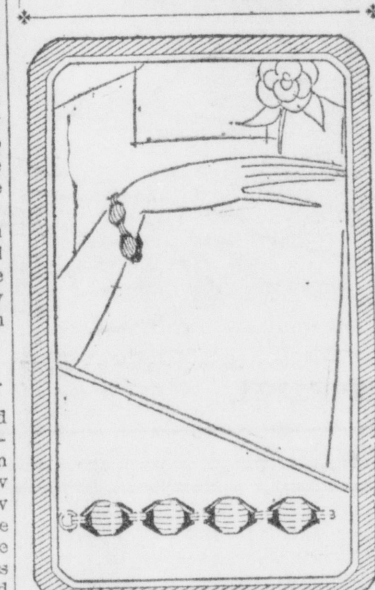

Life is made of little things, Brittle things. Words and deeds and sighs and kisses, And the countless passing blisses Scarcely valued flying o'er, But remembered long and sighed for, Priceless pleasures vainly tried for When they come no more.

From the past we turn to borrow With tomorrow Find that which made us gladdest Lost forever leaves us saddest, Ever there's an open door Out of which life's bits of splendor Brave at birth, but oh so tender, Pass to come no more.

Thus it is that memory treasures By-gone pleasures, Joy which seems so lithe and agile Is in truth so very fragile, None its charm can store. Even this day's cheery laughter Through the years which follow after Shall be heard no more.

These the things which we remember To December, Smiles that were and words once spoken, Toys and trinkets owned and broken, Friends who've sailed from shore, Once we valued them so lightly, Now we talk about them nightly Since they are no more.

Wood Bracelet

Carved wood, set with gold, composes a new bracelet from Paris.

A Thought

When I was a child, I spake as a child—First Corinthians: xiii, 1. The child is father of the man.—Wordsworth.

Here Are Some Beauty Hints On Eyebrows

Eyebrows are the most neglected of all features. And a graceful, arched line is really most essential to beauty.

Eyebrows that are too thick should be plucked enough to make them symmetrical and well-groomed. Too much plucking, however, gives a stupid expression even to an intelligent face.

This eyebrows should be massaged twice daily with yellow vaseline. All eyebrows should be brushed daily as you brush your hair. Use tiny eyebrow brush for this purpose.

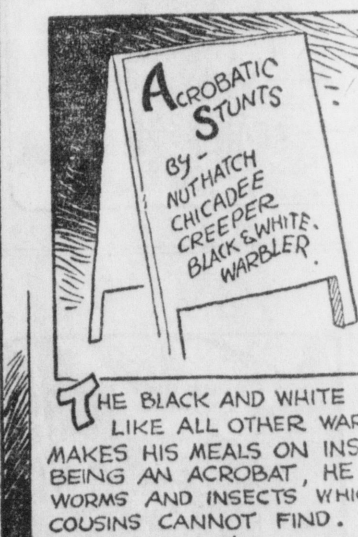

Brush the wrong direction first to get the dust out. Then brush in the right direction for neatness. Finally, beginning at inside line pinch each eyebrow with thumb and first finger to shape them and be sure to give proper arch. An arched brow lends an intriguing something to the eye.

Use make-up pencil very sparingly, if ever. And then only use it to elongate brow by gently extending the outside curve. Eyebrows should remain the same shade as the hair.

Feathered Facts and Fancies

BLACK AND WHITE WARBLER

LENGTH, 5-25 INCHES. MALE, UPPER PARTS, BREAST, AND SIDES BLACK AND WHITE. BELLY WHITE.

THE BLACK AND WHITE WARBLER, LIKE ALL OTHER WARBLERS, MAKES HIS MEALS ON INSECTS, BUT BEING AN ACROBAT, HE CAN GET WORMS AND INSECTS WHICH HIS COUSINS CANNOT FIND.

HE IS SO SMALL AND SO WELL CAMOUFLAGED BY HIS COLORING THAT HE MIGHT NOT BE SEEN WERE IT NOT FOR HIS CALL OF "See-See-See-See."

HE IS NOT AS CAREFUL IN HIS SEARCH FOR FOOD AS HE MIGHT BE, HOWEVER, AND NUTHATCHES OR CHICKADEES CAN PICK UP A MEAL AFTER HIM!

LLOYD'S FAKE GLASSES START USEFUL VOGUE

ST. LOUIS, Aug. 4.—Although Harold Lloyd's glasses have never been anything more than rims, they have been responsible for the most useful fad in America.

Thousands of people who had long been in need of glasses, never wore them until the movie actor started a vogue with his shell-rimmed screen property, according to Dr. J. D. Edwards of St. Louis, a delegate to the convention of the American Ophthalmological society of Ophthalmology and Otolaryngology.

Now America is spectacle crazy, the doctor asserted. Glasses are worn not only for weak eyes but for adornment.

To those elderly ladies and gentlemen who are unhappy over puffy eyes and like signs of advancing years, glasses have been a godsend, Dr. Edwards asserted.

"Young men and women with cheekbones which do not match have found that a certain type of glass will correct the defect so far as visibility is concerned," he said.

The reason why some people who habitually wear glasses look so strange and unsightly without them, is that the beauty fills which the glasses hide are revealed when they are taken off, in Dr. Edwards' opinion.

"Glasses change the personality of almost everyone who wears them," he said, "and in many cases they add a great deal in beauty and character."

"SONS OF SATAN" TO HAVE NEW SOCIETY

OKLAHOMA CITY, Aug. 4.—The "Sons of Satan," alleged society of young sophists, may have gone the way of similar advanced thinkers, but its moving spirits, students at the University of Oklahoma, intend to carry on its tenets.

Simultaneously with the announcement that parental displeasure had abrogated the short-lived activities of the "Sons of Satan," Tom Williams, student, announces the launching of a new order, the "Truth Seekers."

Despite the resignation of Robert Janz, university sophomore and one of the former associates, who renounced his connection following a conference with his father, Williams says he and five fellow thinkers will carry on the work under "the more expressive name."

Father Of Bride Presents Light System To City

PARIS, Aug. 4.—A wedding present that didn't go to the married couple is lighting the streets of Courtenay, a little town in Auvergne, southeast of here.

It is an electric street lighting system donated by Dr. Adolphe Javal, when his daughter Sabine was married recently.

The originality of the gift was heightened by the strings attached to it. Knowing the ways of officials he made it a condition that there should be no commission appointed to investigate the matter, that no officials, governmental or local, should interfere in any way and that work should be started in a week after the offer was made. Consequently, contrary to all precedent, the town was lighted by electricity within two weeks.

GLASS CHARMS POPULAR LONDON, Aug. 4.—One of the latest whims of London fashion is a small collection of tiny cut-glass charms strung on an ivory ring and worn as a pendant about the neck.

"Buy Newcom's Big N Mash."

Says It's Great For Wrinkles and Enlarged Pores

Howard's Buttermilk Cream Must Give Results In One Week or Money Back. Big Demand for New Dressing Table Package Amazes Druggists

You too will be surprised and delighted with its use while it turns the dull and most lifeless complexion to radiant beauty, banishing wrinkles and enlarged pores it does not show the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the slightest shininess or greasiness of the skin. Howard's Buttermilk Cream is guaranteed by all druggists to satisfy you in every way or the purchase price will be refunded.

IMPORTANT Even the finest face creams fail if the soap you use is harsh. Howard's Buttermilk Cream Soap keeps skin smooth, soft and pliable.—Adv.

Legal Notice

NOTICE OF RECEIVING BIDS
Notice is hereby given by the Board of Trustees of Garden Grove Storm Water District of Orange County, California, that it will receive bids for the doing of certain work and furnishing of certain labor and material for the said district as hereinafter specified, and that the said bids will be opened and considered by the Board of Trustees at its regular place of meeting in The First National Bank of Garden Grove, California, on Friday, August 12th, 1927, at thirty minutes past seven o'clock P. M. of said day. Bids may be made and delivered to said Board of Trustees at any time prior to the said hour for the opening of said bids.

The Board of Trustees reserves the right to reject any and all bids. Each bid must be accompanied by a certified check or a Surety Company Bond in the sum of \$1,000.00, to insure the good faith of the bidder, the said amount to be forfeited in the event the bidder fails to execute the contract and bond with the district for the doing of the work.

The said work, labor and material herein referred to and for which bids shall be received is described as follows:
1. The excavation of a trench 12 feet wide at the bottom and 8 feet deep along the outer edge of the right-of-way of said district, and the placing of said trench in the event the bid is accepted and the bidder thereafter fails or refuses to execute a contract and bond with the district for the doing of the work.

2. The construction of a wire fence along the Eastern side of the said trench, and to extend from the point on said protection work on the South side and adjacent to the Olive Bridge and highway connecting therewith, which point is approximately 1200 feet Southwesterly to the Eastern end of said protection work; extending thence Southwesterly to the Southern end of the said protection work and being a distance of about 500 feet. The material taken out in the making of said excavation shall be placed along and adjacent to the Eastern side of the levee now comprising part of the protection work, so as to extend the width of said levee Easterly to its present height.

3. Immediately after the completion of a wire fence and wire wings in the trench excavated South of said Olive Bridge and highway as first above specified, to excavate material from the Eastern side of the said trench and place said material upon and alongside of the levee now comprising part of the protection work, said levee shall be extended in width Easterly to the most Eastern wire fence along the Eastern side thereof, to wit: a fence to be constructed in said trench, and so that said levee shall be of the width and of the height of the present levee comprising a part of the protection work of said district, and said material shall be placed across the trench excavated, as provided in Specifications No. 3, hereinafter, at intervals of 20 feet apart, the said cross fills to be six feet in width at the top.

4. The contractor for the above described work shall not be required to construct the fence and wings above mentioned, the said construction of fence and wings to be done under a separate contract, but the contractor for the work above specified shall be prepared to use and shall contract to use two trenching machines, one of the said machines to be used in making the fill North of the said Olive bridge, while the other trenching machine is excavating the trench South of said Olive Bridge, and as fast as practicable after the construction of the fence and wings in the said trench, the contractor shall complete the job last hereinbefore specified, so that the work shall be completed in the shortest practicable time, and the contractor shall require the contractor whose bid is accepted to commence the said work on or before August 22nd, 1927, and to complete the same on or before November 1, 1927.

5. Bids shall be made at a stated sum for each cubic yard of material moved in doing the aforesaid work, and payment shall be made therefor, and the contract shall so provide, as follows: One-half shall be paid after the completion and acceptance of the work and on or before the first Monday in December, 1927, and one-half on or before the first day of May, 1928. Within five days after acceptance of bid, the bidder whose bid is accepted must enter into a written contract with the said district for the doing of the said work as hereinbefore specified, and furnish to said district the bonds for faithful performance of the work and for the protection of laborers and materialmen as required by law for public work.

This notice is given by order of the Board of Trustees of said Garden Grove Storm Water District of Orange County, California.
Dated August 1, 1927.
C. G. CROSBY,
Clerk of the said District.

NOTICE OF RECEIVING BIDS

1. To argue at the bar. 2. Genuine. 3. Relieves. 4. Provided. 5. Constant companion. 6. Paragraph in a newspaper. 7. Label. 8. Morind dye. 9. Incensed. 10. To exude. 11. Requires. 16. To show servility. 18. Moved rapidly. 20. Fish of the salmon family. 21. To a wall. 22. Collection of facts. 23. Cooking utensil. 26. Queried. 27. Satiates. 29. Reason. 30. Lullabies. 32. Soft deep mud. 33. Talkative. 35. Observes. 37. Wing part of a seed. 38. Snake-like. 39. Measure of 44. Point of compass.

JACK LOCKWILL AT SUMMER CAMP

BY GILBERT PATTEN

NEWS FROM ORANGE COUNTY TOWNS

CONDITIONS IN FLOOD SECTION TOLD BY FURR

HUNTINGTON BEACH, Aug. 4.—Impressions of conditions in the east were being told today by C. R. Furr, city clerk, following a six weeks' trip from which he returned recently.

Crops in the south and east are excellent, according to Furr. Flood conditions of the Mississippi valley are being remedied, but the residents of the valley are greatly discouraged over the outlook. Many of the farmers are back, but because of the destruction of crops and the limited time before cold weather sets in, they cannot plant and harvest a new crop.

Unless precautions are taken to prevent malaria, Furr predicts that an epidemic will soon sweep over the flooded territory.

Furr, who is a member of the local Rotary club, visited the clubs in Washington and New York. In Washington, according to Furr, an amplifier is a regular part of the club's furniture. Each visitor is asked to announce his name and the name of his club through the amplifier.

Progress of industry in the southern states, particularly in South Carolina, where Furr made an extended visit to relatives, astonished the city clerk. Twenty-two years ago, according to Furr, South Carolina ranked sixteenth in manufacture and industry and today is rated near the top. Similar activity was noted in the other southern states.

GARDEN GROVE

GARDEN GROVE, Aug. 4.—Mrs. Winifred German entertained members of the Home Economics club at her home on Tuesday afternoon.

Among those present were Mrs. Laura Smith, Mrs. Wilbur Harper, Mrs. Flora Smith, Mrs. F. A. Monroe, Mrs. H. G. Hevenen, Mrs. Albert Schneider, Mrs. D. C. Hogue, Mrs. C. Z. Wasson, Mrs. R. R. Rossett, Mrs. Ralph Chaffee, Mrs. Frank Winters and Mrs. German.

Mr. and Mrs. R. R. Rossett and two children attended the afternoon performance of "The King of Kings" at Grauman's Chinese theater in Hollywood last Friday.

Mr. and Mrs. Frank Winters and family of Wildomar, are visiting relatives here this week.

The Philathea Sunday school class of the Baptist church, will hold its regular meeting at the home of Mrs. Doris Tyler this evening.

H. W. Christensen and family, accompanied by Mrs. F. P. Davis and two sons, spent Saturday evening at Balboa.

Mr. and Mrs. Floyd Rice of Los Angeles were Sunday guests at the home of Mr. and Mrs. J. H. Hill.

The Misses Mabel and Isabel Northcross, Kenneth Roepke, Orval Arbel and Mr. and Mrs. Orville Roepke, of Los Angeles, are spending several days this week at Catalina.

The following attended the funeral services of J. Fowler at the Coffee funeral parlors, Orange, Tuesday afternoon: Mr. and Mrs. A. Van Vranken and daughter, Mae, Mrs. G. L. Beardsley, Mrs. R. J. Killingbeck and Mrs. J. R. Wade.

Mr. and Mrs. Harry Meyer and two daughters, E. A. Wakeham and family and John Williams and family enjoyed a picnic dinner at Balboa Sunday.

Mrs. Wayne Holt and two children left Saturday for South Fork camp, where they will spend three weeks with Mrs. Andrew Smiley and family, who have a cabin at that place.

Mr. and Mrs. Floyd Wright, of Los Angeles, visited Mr. and Mrs. Samuel Wright Tuesday.

Mr. and Mrs. H. W. Christensen and family visited relatives in Alhambra Sunday.

Twenty-five Rhode Island Reds and Barred Rock chickens were stolen from the E. P. Davis home on Fourth street Monday night.

Miss Louise Morris, who has been spending the past three weeks with her grandmother, Mrs. J. H. Hill returned to her home in Los Angeles Sunday.

Acid Stomach

"Phillips Milk of Magnesia"

Better than Soda

Hereafter, instead of soda take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. It neutralizes acid fermentations in the bowels and gently urges the souring waste from the system without purging. Besides, it is more pleasant to take than soda. Insist upon "Phillips." Twenty-five cent and fifty cent bottles, any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1875.—Adv.

J. C. Axelsson Boat Sold For \$16,000

BALBOA ISLAND, Aug. 4.—J. C. Axelsson has sold his large cruiser, the *Marino*, to H. Fisher, of San Diego. Capt. B. L. Marshall left Monday for San Diego to deliver the craft to its new owner. The consideration involved in the sale somewhere in the neighborhood of \$16,000. Mr. Axelsson plans on acquiring a larger and better boat. Mr. Axelsson and two sons are proprietors of the Axelsson Machine company in Los Angeles and all three have summer homes on the island.

UNITES FRIDAY FOR FULLERTON PIONEER

FULLERTON, Aug. 4.—Funeral services will be held tomorrow afternoon at the First Baptist church for J. C. Sheppard, 72, who passed away Tuesday at the California Lutheran hospital in Los Angeles.

For the past 35 years a resident of Fullerton, Mr. Sheppard was one of Fullerton's earliest residents and one of the best known men in this district. He was ill but four days after he was stricken with pneumonia.

He survived by his widow, Mrs. Dixie Sheppard, three daughters, Mrs. W. K. Tuller and Mrs. Sue Sheppard McBride, of Los Angeles, and Miss Sue Sheppard, of Fullerton, and one son, J. C. Sheppard Jr.

Mr. and Mrs. Sheppard were among the 12 original members who organized the First Baptist church here. Up to the time of his death, he was one of the most active members of the church, serving as a deacon.

Mr. Sheppard and his family lived on the 55 acres that comprise the home place on East Chapman avenue since first coming to Fullerton in 1891.

The Rev. S. Fraser Langford will officiate at the funeral services, which will be held at 2 o'clock. Interment will be at Loma Vista cemetery.

'Haymakers' Will Be At Grove Dance

GARDEN GROVE, Aug. 4.—A "hard times" dance will be held Friday night at Woman's Civic club house, Garden Grove. Everyone is invited. The KPON "Haymakers" will be a feature of the dance. The Silver Moon orchestra will furnish the music.

WESTMINSTER

WESTMINSTER, Aug. 4.—C. A. Troop accompanied by his boys, spent Sunday and Monday at the home of his brother-in-law, F. Frost, of Los Angeles. The girls spent the time in Bellflower at the home of Mrs. Troop's mother, Mrs. Bell Mitchell.

Mr. and Mrs. Fred Kruse, of Phoenix, were guests at the Albert home Tuesday.

Mr. and Mrs. Charles Price, and son, of Hynes, were dinner guests at the home of Mr. and Mrs. R. Stanley Sunday evening.

Mr. and Mrs. C. G. Goff and Mr. and Mrs. R. E. Swope of Anaheim, and Mr. and Mrs. Eastman, of Santa Ana, were recent guests at the L. McDaniel home.

Mr. and Mrs. Salem, of Ventura, were Wednesday callers at the Moring home.

Mr. and Mrs. George Clough went to Hollywood Sunday to see the play, "The King of Kings."

Mr. and Mrs. Roy Johnson visited in the home of M. C. Lowe in Pasadena Tuesday, bringing home with them Mrs. Addie Hicks, mother of Mrs. Johnson.

Mr. and Mrs. R. Rowe were San Diego visitors Saturday and Sunday.

Mrs. W. J. Cozad and Simeon Cozad, accompanied by Mr. and Mrs. V. Knap and son, of Anaheim, are spending a few days at the Cozad home in Hemet.

Ben Edwards, of Los Angeles, was an all day guest of his brother, Eugene Edwards, Sunday.

Mrs. Alice Hare and Mrs. Stella Arnett attended a meeting Tuesday evening in the Santa Ana L. O. O. F. hall, which was a committee meeting of all lodges to arrange a district meeting, which will be held at Orange.

A birthday party was held at the home of Mr. and Mrs. Albert Knox celebrating the seventh birthday anniversary of the twins, Elsa and Albert Jr. Several presents were received by the twins, who were assisted in entertaining the guests by their older sister, Alberta Knox. The guests included Melba Crane, Roberta Knap, Evangeline Weld, Phyllis Snow, Frieda Knox, Elsa Knox, Alvin Smith, Keith Walton, Harvey Arnett, Albert Knox, Herbert Day and Donald Burke.

Mrs. E. J. Larter and Mrs. J. F. Patterson spent Wednesday at the H. Larter home in Huntington Beach, with Mrs. Charles Case, of Whittier, who is visiting at her father's home for a few days.

Mr. and Mrs. T. E. Turpin and children, Virginia and Billie, returned from their vacation trip Monday evening after an enjoyable trip, which was spent in fishing and recreation in Yosemite.

Mr. and Mrs. R. B. Borth, who were married recently are now residing in their home on Westminster avenue, Sunday, Mrs. H. J. Latimer, of Whittier, was a guest at the Borth home.

ATTENDANCE AT ANAHEIM PARK PLUNGE GAINS

ANAHEIM, Aug. 4.—July's warm days boosted the popularity of the public plunge in the Anaheim city park, attendance during the month totaling 9632 as compared with 6767 during the same month last year, according to report today by Warren L. Ashleigh, park superintendent.

Although June, this year, with an attendance record of 35,100, fell far below the total for that month last year, the total attendance for the three months the plunge has been open this year has shown a decided increase over the same period last year, the comparative figures being 19,241, this season, as compared with 15,404 last season.

Swimming and life saving classes have been conducted at the plunge for the past several weeks and have had a noticeable effect in stimulating plunge attendance.

Brea Firm Buys Elmore Funeral Home In Anaheim

ANAHEIM, Aug. 4.—Sale of the Elmore Funeral home, located at 202 West Broadway, this city, to Hilgenfeld and Rollins, Brea undertakers, was announced here this morning. The consideration involved was not revealed.

Since March 15 the business has been operated by Harry Elmore, who purchased it from Walter S. Huddle, moving his family here from Van Nuys. The Elmore's plan to move soon to Washington.

Mr. Hilgenfeld has moved his family into the living quarters in connection with the establishment. His partner, L. Rollins, will continue to operate the Brea establishment of the firm.

CORONA DEL MAR

CORONA DEL MAR, Aug. 4.—Miss Gwen Groves, of Pasadena, has been the guest of Miss Margaret Longyear of the Longyear summer home on Goldenrod avenue for the past 10 days. Mr. and Mrs. Clyde Longyear, of Los Angeles, spent the past weekend with their parents here.

Mrs. Charles Wagner, Miss Edith Wagner and Miss Grace Meyer, of Allentown, Pa., are spending three months in Corona, the guests of Mrs. Roy Jameson. Mrs. Wagner, Miss Wagner and Mrs. Meyer are the mother, sister and aunt, respectively, of Mrs. Joy Jameson, who is spending the summer in the home of Mrs. W. H. Jameson on Ocean boulevard. The latter, who is well known here, has been ill for some time in her home in Corona.

Mr. and Mrs. R. G. Peelle, of Whittier, are staying this week in the Farmers' Paint and Hardware company's building in the ocean front section.

Mrs. Harry Hugo and children, of Eagle Rock, came Thursday for a stay of some length.

Madame Gertrude Ehrlich, of Los Angeles, and Mr. and Mrs. L. A. Warner, of Villa Park, were weekend guests of the H. Cardozo Sloans at High Bluff, witnessing the tournament of lights from there.

Dr. Ross Allen Harris, of Los Angeles; his daughter, Mrs. Bernam Snow, of Santa Monica, and Miss Jessica Harris entertained a party of friends during the water carnival at their summer home on the bluff.

Mrs. Elizabeth Dickey, of Pasadena, writes that she is leaving Honolulu and will be here some time this week for a short stay in her cottage.

George Baker, of Alhambra, is staying for two weeks in the new house recently completed for Mr. and Mrs. H. M. Davis.

Miss Beatrice Griffiths and Miss Lucille Griffiths, of Riverside, are visiting Mrs. William Henry Jameson Jr. for several weeks.

Dr. Harry Fuog and wife, of Los Angeles, are spending one month in their cottage on the bluff.

Mr. and Mrs. J. N. Schofield, of Buena Park, were among those coming to witness the water carnival last week.

Miss Ernestine Koska and Miss Katherine Satzyk, of Los Angeles, are visiting with their friend, Miss Leona Roth, for a short time in the Roth summer home.

Mr. and Mrs. B. T. Stanley, of Whittier, spent the past week here. Mr. and Mrs. W. F. Isaacs, of Seattle, left for their home Wednesday after a week in the cottage of Judge Swain on Marguerite avenue.

Mr. and Mrs. Tom Moore and children, Mrs. Mary Moore, Miss Blanche Moore and Mr. and Mrs. Ellis, of Los Angeles, were Sunday guests of Mr. and Mrs. G. H. Gibson.

Guy Seymour, of Los Angeles, has returned home after a visit with his little friends, Donald and Alex MacGillivray.

Miss Margaret McKinney, of Victorville, is visiting with the family of Mrs. Lester Cozad this week.

Mr. and Mrs. Menges and their daughter, Mrs. J. O. McDaniel, who were occupying the Hugo house for a time, have gone to El Centro.

Mrs. Clifton Small, of Taft, has purchased a lot on Canyon del Buco from F. Dreisbach, of Balboa.

Mr. and Mrs. C. A. Pullen, of San Bernardino, recently purchased the E. A. Moses house on the corner of Carnation and Second avenues.

LAGUNA BEACH TAX RATE SET AT \$1 BY COUNCIL; VALUATION IS \$1,093,650

LAGUNA BEACH, Aug. 4.—The tax rate for the city of Laguna Beach, with an assessed valuation of \$1,093,650, was fixed at \$1 per \$100 at the city council meeting last night.

The county assessor and the county tax collector were authorized to act as city assessor and city tax collector for the first year.

Police officials, including the police chief and police judge, will have joint offices in a one-room cottage purchased for \$100, to be located on Ocean avenue, back of the water company's offices, according to a report of J. L. Bricknell, city police commissioner.

Sixty-five residents of Sugar Loaf tract presented a petition for the recovery of a 10-foot easement across property now owned by S. Spencer of Los Angeles.

Miss Hazel Bemis, of Santa Ana, who owns a tract of land over which the easement extends, expressed her willingness to give her portion of the easement. The matter was referred to the city engineer and city attorney for consideration and action.

Improvements on Laguna avenue and the coast highway and the installation of lights by the county before the incorporation of the city, formed the basis of a request by W. K. Hilyard, county surveyor, that a legal way to pay the installments be arranged, with the city contributing part and the county contributing part. The council refused to act, expressing the fear that the whole burden might settle on the city.

Swing Will Aid Huntington Beach In Mail Changes

HUNTINGTON BEACH, Aug. 4.—Postal improvements being advocated by local residents, including bus transportation of mails to Santa Ana, will be investigated and aided by Congressman Phil D. Swing, according to a letter received by L. C. Denslow, chamber of commerce secretary, yesterday.

Congressman Swing stated his intention of taking the matter up with postal authorities in an effort to remedy conditions.

Fullerton W. R. C. Meeting Planned

ORANGE, Aug. 4.—Officers of Orange county plan to hold a combined meeting at Fullerton August 18 and will exemplify the work at that time. A group of about 10 of the local members with the president, Laura McCoy, as leader, will attend the services from Orange.

An officers' party was planned for August 27 at the home of Minnie Grabs. The party will be an all day quilting bee. Each officer is to bring a covered dish for the noon lunch.

The organization planned to have its annual picnic at Huntington Beach August 31.

Mrs. Higgins, chairman of the welfare committee, announced that she has a quilt to be sold at auction some time in September.

At this meeting \$2.50 was collected for the G. A. R. fund. About 45 members of the lodge were present.

EL MODENA

EL MODENA, Aug. 4.—Early Monday morning the following Christian Endeavor members started for Mt. Herman: Misses Edith Culler, Henrietta West, Lynivere Paddock, Arletta West and Joanna Moody, of Orange; Mrs. Mary Moody, Miss Irma Moody, Glen and Kenyon Moody and Miss Winifred Harrison. The party expected to reach King City Monday evening.

Little Melvin Hodson, son of Mr. and Mrs. Bert Hodson, of Orange, visited two days last week with his grandparents, Mr. and Mrs. A. O. Hodson.

Mr. and Mrs. Goodrich and daughter, Lucile, and Miss Johnson were in Huntington Beach Sunday. Herschel Settle spent Sunday at Long Beach.

Mr. and Mrs. George Dollard and daughters, Donald and Virginia Elaine, were visitors in Long Beach Sunday.

Mr. and Mrs. A. C. Lutz and daughters, Lenore and Muriel, are enjoying a motor trip to northern California.

Miss Eva Adams has gone to Long Beach for a visit with her parents.

Mr. and Mrs. Roy Wilson and daughter, Maxine, have moved to Long Beach for a couple of months to be near Mr. Wilson's work. Dick will remain here to look after the ranch.

INCREASE IN DELINQUENCY TOLD OFFICERS

HUNTINGTON BEACH, Aug. 4.—Policewomen find their best work in solving problems of delinquency, according to Miss Helen Pidgeon, executive secretary of the National Association of Policewomen, who addressed the Orange County Peace Officers' association last night.

The alarming increase in delinquency among young people during the past few years has been responsible for more women than ever before becoming affiliated with police departments throughout the nation, Miss Pidgeon said.

C. G. Boster, mayor of Huntington Beach, in an address of welcome, declared himself in favor of general salary increases for patrolmen in the various Orange county cities and of one day per week off for the patrolmen.

There were 54 members of the association present. The meeting was preceded by a dinner. The dinner and meeting took place in Obar's hall.

LA HABRA

LA HABRA, Aug. 4.—Mr. and Mrs. Mose Carlson and son, Harry, have returned from a fishing trip to Big Rock. They caught 11 trout while there. They were accompanied by Mr. and Mrs. J. G. Snider, of Fullerton.

Mr. and Mrs. G. L. Gordon and son, J. B. Gordon, and Cleo Layne and Will Astle attended services at the Christian church in Long Beach Sunday evening to hear Dr. Yocum, a returned missionary from Africa.

Mrs. Mose Carlson was the guest of Mrs. J. G. Snider and daughter, Emily, of Fullerton, at their cottage at Long Beach Tuesday.

The Rev. and Mrs. Henry Stranberg, of Santa Paula, were weekend guests at the home of the latter's brother, L. E. Proulx, Florence avenue.

Mrs. E. C. Church, who is visiting her mother, Mrs. Mary Miller, at Richmond, Mo., planned to arrive in La Habra today, but according to a telegram received by her husband, their baby daughter is quite ill with measles and it will be some time yet before they can make the return trip.

A number from La Habra plan to attend the picnic at Orange county park Friday of the White Shrine and the Amaranth of Fullerton. Cars will leave the Masonic temple at 6 o'clock in the evening.

Miss E. Ringrose and father have returned from two weeks stay at Yosemite.

Mrs. W. Camp, Mrs. S. W. Sharp and Mrs. Van Lewis returned the first of the week from a week's vacation at the Camp cabin in Ice House canyon. The women reported a very exciting and sleepless night, when they heard an intruder on their front porch apparently trying to get in. Upon investigation the intruder proved to be a skunk.

Mr. and Mrs. Rollo Walling spent the week-end with Mr. and Mrs. P. J. Weisel at their cottage at Balboa. Mr. and Mrs. Weisel are spending the summer there.

Mrs. S. A. Warne is ill in a Los Angeles hospital.

Mrs. Raymond Horttor and baby, of Bellflower, are visiting her parents, Mr. and Mrs. Paul Canfield. Mrs. Horttor was formerly Miss Fern Canfield, of La Habra.

Wallace DeGray is slowly improving from injuries sustained from a fall from a slide.

Mrs. Ernest Taylor is spending several weeks with her daughter, Mrs. Clarence Jamison, at Long Beach while the latter's husband is in Bakersfield.

Mr. Churchill and three daughters left Friday for their home in Fresno after a week's visit at the S. E. Woodworth home.

Mr. and Mrs. Earl Moffitt (Mable Scott) are the parents of a seven and one-half pound baby boy, who arrived Friday.

Mr. and Mrs. Ralph Kerr spent the week-end at the A. R. Bradshaw home in Compton. The Bradshaws are former La Habrans.

Dr. and Mrs. S. A. Clayton and daughter, of Santa Ana, were guests last week at the G. L. Gordon home.

A coked food sale will be held Saturday by the Daughters of Benevolence of the Christian church at the Citizens' bank. The society will postpone its August meeting until September 1.

Crosley Radio at Gerwings.

SALES STOCK YARD PLANNED FOR CYPRESS

CYPRESS, Aug. 4.—William Wicker, of Orange and Walker streets, Cypress, is erecting one of the most up-to-date dairy barns and plants in this part of Orange county. It is to be an all-cement structure, with a floor area of 38 by 92 feet, providing room for the housing of 60 cows at one time.

Wicker reports that he is negotiating with T. Machado to lease the plant for development as a sales yard. Machado has just returned from a trip to Oregon for the purpose of studying the dairy stock market. It is said that, if he leases the local plant and decides to operate it as a sales yard, he will ship much of his dairy stock from the north.

The dairy industry is growing rapidly in western Orange county and restrictions are such that an interchange of stock between Los Angeles and Orange counties is extremely difficult. Under these conditions good prospects are seen for a local sales yard.

Orange Church Members Picnic

ORANGE, Aug. 4.—The young people's department of the Christian church, Orange, held a picnic dinner at Hewes park last evening. Before and after dinner games were enjoyed.

Among those present were Mr. and Mrs. A. C. Epley, Mr. and Mrs. J. A. Campbell, Mrs. Bivans, Cliff White, Loring White, Alice Underwood, Emma Wetlin, Genelia Morgan, Arnold Todd, Randall Bivans, Clarence and David Todd, Tom Jones, Tom Doughty, Ted Seavy, Lillian Gates, Quilla McCullough, Lorraine and Leota Ingie, Margaret Bonebrake, Hart Wayne, Lucile Hessel, Velda and Curtis Morgan, Ruth Boone, Harriet Freeman, Bernice Vestil, Mrs. Vestil, Marie Bills, Catherine Frankfrater, May Berry, Miss Kramer, Charles Spotts, Earnest Hagen, Thora Columbia, Vivian and Lawrence Wolfe and Mr. Pike.

3 ESCAPE INJURY AS CARS COLLIDE

ORANGE, Aug. 4.—Mr. and Mrs. W. W. Perry, of this city, narrowly escaped serious injury yesterday when their car was overturned in a ditch in collision with another car on the Anaheim-Olive road. The other car, driven by R. E. Coffman, of Anaheim, was badly damaged.

Details of how the collision occurred were not related. It is believed, however, that one of the machines was crowding the center of the highway. Both were traveling between 25 and 30 miles per hour.

BOLSA

BOLSA, Aug. 4.—Ralph Ross, who has been in Los Molinas for the past week visiting his brother, E. L. Ross, returned home Sunday. Mrs. Ralph Ross visited friends in Hawthorne one day last week.

Miss Esther McGehee spent several days last week at Huntington Beach.

Miss Lucille Radford, who is attending summer school in Los Angeles, spent the week-end at the J. D. Shutt home.

The Misses Ruth and Reba Denton, of Pomona, are spending this week with their landmother, Mrs. Sarah Gardner. They will also spend a few days with their uncle and aunt, Mr. and Mrs. Earl Gardner.

Mrs. Sarah Gardner's sister, Mrs. Johns, of Pacific Grove, is spending a few days with Mr. and Mrs. Hetsler at Newport Beach.

Mrs. M. Schiffer is spending two weeks with her daughter, Mrs. Francis Buzzard, in Compton.

Robert Garcia and family have moved from the Richardson house in Bolsa to Smetzer. Mr. Garcia is employed at the bean warehouse there.

Friends of John Ward will be surprised to learn of his marriage about three weeks ago in Colorado. Mr. and Mrs. Ward have made their home in Santa Ana.

Mrs. John Ward is spending the week-end at the A. R. Bradshaw home in Compton. The Bradshaws are former La Habrans.

Dr. and Mrs. S. A. Clayton and daughter, of Santa Ana, were guests last week at the G. L. Gordon home.

A coked food sale will be held Saturday by the Daughters of Benevolence of the Christian church at the Citizens' bank. The society will postpone its August meeting until September 1.

Crosley Radio at Gerwings.

Dale Named Inspector In Orange

ORANGE, Aug. 4.—F. B. Dale, local building contractor, has been appointed city building inspector on a regular monthly salary. Dale will receive a salary of \$50 per month plus inspection fees, which will average from \$25 to \$30 each month.

EVENING SALUTATION

"I pray that when at eventide
The sun sinks in the West
Within my soul there may abide
A time of calm and rest,
That from the quiet of each night
I shall find strength to walk aright."

MEXICAN IMMIGRATION

There is a growing uneasiness concerning the rapidly increased number of Mexicans who have come into the United States. Correspondingly, we find a growing feeling in favor of restrictions upon Mexican immigration. In that matter Southern California, including Orange county, is particularly concerned.

It seems likely that the next Congress will be asked to put stringent brakes upon Mexican immigration. A number of congressmen, Congressman John C. Box of Texas among them, are studying the situation. Border states are finding that Mexicans in much larger numbers than are needed to harvest crops have settled in those states, and plan to remain there, and if allowed to do so, hundreds of thousands will come across the line in the next four or five years.

Congressman Box says that he has "an extensive, though incomplete file of newspaper clippings, personal letters, reports of charity boards, and court records, showing how masses of these unfortunate people, usually poverty stricken, often sick and starving, and frequently criminal, have collected in such cities as Dallas, Fort Worth, Houston, Galveston, Denver, Los Angeles, too numerous to be all named, and formed communities of misery constituting a heavy charge upon the taxpayers and charitable people upon and among whom they had drifted or been dumped when their importers were through with them for the time."

Discussing the situation, the Riverside Press says that while it is true that the Mexicans are needed at times, the theory of "seasonal" labor does not work out. While some of the Mexicans do follow the harvesting of crops from one place to another, great numbers of them settle down in the cities and villages, and remain there, with many of them out of work most of the time.

In our own county, we find more Mexicans than we need. We have a little work for them in the beet fields, and walnut orchards for a few weeks in the year, and for those crops we have more Mexicans than there is work.

AS TO THE "HOME RUN"

Unquestionably a young man who has had the privilege of four years or more attendance at college is better fitted to achieve success than he would be without such educational advantages. But the proviso, "other things being equal," applies in this case, as in all things else in this matter-of-fact and work-a-day world. As, for instance, in the case of a young man who is a dumb bell, four years at college will serve only to make him a bigger dumb bell.

The mayor of Boston evidently has some ideas of his own regarding this matter of what attendance at college means. He took occasion, the other day, to send a letter of congratulation to Captain Isadore Zarakov of the Harvard baseball nine on the occasion of the latter's triumph over Yale. "Permit me to commend most highly," said the mayor in a burst of patriotic enthusiasm, "your entire career which was brought to such a successful climax by your home run in the ninth inning of yesterday's game."

Subsequently the Hartford Courant looked up the player's career and uncovered the fact that "Zarakov did not make the grade in scholarship and could not get his degree."

With all due deference to the mayor of Boston, it would really seem that four years at one of the greatest colleges in the country were unprofitably spent if they result in nothing more or greater than making a home run at baseball.

Home runs are very popular indeed, and are all right in their way, but they can be made, and are made, every day by young men whose education, so far as attendance at college is concerned, has been neglected.

OF TIMELY INTEREST

Worthy of more than passing mention is the fact that France, the country responsible for the renewal of the Olympic games, was the first to abandon them, and will not be represented in the Olympic competition at Amsterdam in 1928.

The French Olympic committee has made public this determination, and the games, so far as France is concerned, are a thing of the past. Failure of the French government to vote the credits necessary for the training of athletes and other expenses is responsible for the French Olympic committee's action.

There would seem to be other good reasons for the refusal of France again to participate in these games, besides the fact that they have not been a financial success. The whole world was amazed, not to say disgusted, at the spirit of racial jealousy, and even hatred, displayed at the last games which were held in France. If that is the spirit which is fostered by those games the sooner they are forever ended the better.

It will be remembered that in a very short time the taxpayers of the state of California are to vote on the question as to whether they shall or shall not devote \$1,000,000.00 of the taxpayers' money to help pay the expense of bringing these games to Los Angeles. Without going minutely into the merits of the proposal at this time, it is at least pertinent to inquire what argument, if any, will be, or can be, advanced in favor of the project.

INVESTIGATE THE INVESTIGATOR

Numerous queer angles have developed in the investigations by federal authorities into rum-running and into official conditions in the sheriff's office of Orange county, but the queerest is the angle presented by the refusal of the head of the office of the department of justice, in Los Angeles, to turn over to the district attorney of Orange county a set of affidavits collected by the federal department.

It is not so strange that the federal bureau might have occasion to withhold evidence from state and county officials. There might be investigations involving reports of such a nature that to give them

to anyone would involve failure by the department of justice in reaching the end sought by it. But, in this case, the department of justice allowed a Los Angeles newspaper to make copies of the affidavits and these affidavits were used as a basis for news items. Some of the affidavits were published in full with statements that they were in the hands of the district attorney of Orange county. The district attorney states that he has not received the affidavits. Furthermore, when he went to the department of justice in Los Angeles to take copies of them, he was refused access to the affidavits.

Affidavits given out to a newspaper were refused a district attorney! Ridiculous!

Wires to Washington resulted in securing a request from the state attorney general for the use of the affidavits. Washington had stated, in its telegram to District Attorney West, that that would be sufficient. Yesterday, the Los Angeles office of the department of justice fell back on a technicality in order to further refuse access to the affidavits.

It is a queer situation, indeed. It begins to look as though the department of justice in Los Angeles itself needs investigating, and needs it very badly.

Marriage Notice Good Move

San Bernardino Sun

California's new law requiring three days notice of intention to secure a marriage license, which went into effect on Friday, is a wise enactment. The results of this law will be watched with interest by many states. It sounds, its proponents believe, the end of hasty and ill-considered marriages.

The new enactment has not gone into effect without objection and criticism. It is a needless provision and an unnecessary interference with the rights of the people, its critics charge. But all laws are interference with the rights of some one. No longer, for the common good, can a minority conduct themselves as any whim may direct. There are hundreds upon hundreds of laws which direct human conduct in one direction or another. Most of them, of course, concern only persons in special activities and are unknown to the majority. But we do know of speed laws, liquor laws, gasoline and other tax laws, marriage laws and various others that constantly figure in everyday life.

Many marriages are hasty. There have been occasions when weddings were solemnized in the middle of the night because of some dare or bet. There have been occasions when couples married as the climax of gin parties. There have been occasions when boys and girls too young to marry legally have perjured themselves as to their age and later discovered that because of this act they were not married at all.

It is at this class of marriages that the new laws are aimed. The necessity to give at least three days notice of intention of marriage will discourage all hasty marriages.

The new law requires that the participants make application for a marriage license. Three days must elapse before the license can be issued and if it is not issued within 30 days the application is cancelled. It will be interesting to watch the number of applications made and the number of licenses actually issued, for it is predicted that there will be those who do not complete their plans even after the application is made.

It is a good law, one of the best of the last legislature.

A Dog's Right to Fight

San Francisco Chronicle

Refusing to make the owner of a biting dog pay the veterinary bill of a bitten dog a Los Angeles judge holds that dogs have an inalienable right to fight.

In this decision let saucy pooches read a warning to mend their manners. It has too long been the custom of marshalling hounds to make faces and yap insults at common or mutt dogs. They have done this with impunity, their victims bearing the injury with restraint born, no doubt, of fear of the dog catcher and the publicity arising from legal proceedings.

From now on this disability is removed, although it is doubtful whether it is within the right of an affronted mutt to invade the precincts of an automobile or a dwelling used as a vantage point by the tormentor. No doubt there will be future decisions to throw light on these intricate points. For the time being it is sufficient that dogs may fight without fear of legal penalty.

The decision broadens the old doctrine of English common law that a dog is entitled to one bite before he or his owner may be held liable for injury, this on the theory that it takes one bite to warn the owner of need for unusual precaution. The one-bite doctrine may hold as between dogs and men or dogs and cattle, but between dogs and dogs there is no limit.

HOARSENESS IS DANGER SIGNAL

The average person whose voice suddenly becomes hoarse is likely to attribute the condition to overuse, or to say that it is just a slight cold and will disappear.

Hoarseness is such a common affliction that it seldom receives the attention that it should. On the other hand, loss of the voice or hoarseness may sometimes be the first and only danger signal of some serious disease in which prompt treatment may save the patient untold suffering or even early death.

Dr. George D. Wolf has recently considered some important aspects of this subject. In children the sudden appearance of hoarseness may be due to the fact that some foreign material, usually a coin or some other metal substance, has been swallowed or inhaled into the larynx. If it is found that a child has suddenly begun to choke and turn blue and that these symptoms have cleared up at once and been followed by hoarseness, the swallowing or inhaling of a foreign body should be suspected. Fortunately, the presence of such a substance can be promptly determined by the use of the X-ray.

In certain diseases affecting the throat, such as diphtheria or croup, hoarseness is a prominent symptom. In grown-up persons, the sudden onset of hoarseness is usually due to some inflammation of the larynx. If there is shortness of breath accompanying this, the physician is likely to think of an abscess as the primary cause.

Not infrequently, the onset of hoarseness, which gradually increases, is due to tuberculosis of the throat or secondary to tuberculosis in the lungs. In such cases, it is absolutely necessary to have at once an inspection of the throat by a competent physician.

Persons who smoke a great deal, who use the voice excessively, or who work in occupations that are dusty or smoky, suffer frequently with hoarseness. Obviously the first step in the treatment of the condition is rest of the voice, the second step being direct application of some remedial agent. The inhaling of medicated vapors is sometimes extremely helpful in mild inflammations of the vocal cords.

Gosh! Mebbe Darwin Was Right

Sympathy With Other Peoples

Riverside Press

In commenting upon the resignation of Ambassador Sheffield the Mexican paper El Universal Grafico, editorially said, that he was one of the causes of the somewhat hostile attitude of the American government to the Mexican government by his lack of sympathy for the Mexican people. For years Mexico had government by the aristocratic class, the scientific, who still reign in high society circles in the nation's capital. There has been an upheaval of the democratic spirit and overthrow of the aristocratic dictation. The Mexican people are groping somewhat blindly for self-government, for which they are intellectually poorly fitted at present. Naturally they are making many mistakes.

One of the mistakes they are making is to attack too severely the property rights and even individual rights which they associate in their minds with the wrongs and inequities of the past.

That has brought within the scope of their assault property rights of foreigners, some of them admittedly acquired by dishonest dealings with previous Mexican officials. Also there has been excessive repression of the Catholic church, chiefly because it was associated with and an important instrument of the old aristocratic despotism. Out of this they will work themselves in time and the legitimate property rights of Americans will eventually be protected, as well as greater religious liberty secured.

It is charged of Ambassador Sheffield, that he associated exclusively with the aristocratic class and neither had sympathy with the common people of Mexico nor with their aspirations for self-government as expressed in their choice of officials. The hope was expressed that the next American ambassador would be more sympathetic with the effort of a great people to establish genuine popular government and a little more patient with their errors and helpful in correcting them. The Mexican problem is a serious one. A people who have not had sufficient training in popular government are attempting it. They need all the patient help we can give them.

Worth While Verse

A GARDEN

Garden within the old gray walls
Lying drenched in shimmering dew,
Who will pace your walks today
Finding rest and peace in you?

In the glory of the sun
Flowers in regal splendor wait,
Ecstasy of love revealed
Fragrant beauty, robed in state.

Length'ning shadows steal across,
Golden lights that softly fall,
Bees go kissing tenderly
All the purple iris tall.

Scented dusk with healing comes,
White moths flutter everywhere,
Winging from the hearts of flowers
Spirits with their souls laid bare.

Night bends over, with soft breath
Hushing all the flowers to sleep,
Sweetly folding hands in prayer
While white lilies vigils keep.

—Edith A. Vassie in the Weekly Scotsman.

Time To Smile

TAKING NO CHANCES

The barber was feeling cheerful that afternoon, and as he lathered his customer's face he chatted pleasantly.

"No, sir," he said, "I used to give credit, but I don't now. In fact, nobody ever asks for it."

"Well, you see, sir," the barber explained, "I once had a set of customers who used to ask me to chalk it up, and they kept me waiting so long that I got tired of keeping books and adopted a new system. When I shaved one of them, I put a little nick in his nose with my razor, and kept tally that way. It was wonderful how soon they came back to the old plan of paying for each shave at once."

There was a tremor in the customer's voice as he asked from beneath the lather:

"Do you object to being paid in advance?"—Tit-Bits, London.

Little Benny's Note Book

by Lee Pope

Pop didn't eat much supper last night on account of having a kind of a painful stummock, and after supper he was sitting and thinking and holding it, and ma sed, Hows your stummock Willyum, eny better?

I believe it is, pop sed, and ma sed, You know very well its not. Willyum, why your not even smoking and you know it takes one of the 7 calamities of the world to keep you from smoking after your supper. Now Willyum if I were you I'd certainly go around to see the doctor, she sed.

If you were me you'd probably do jest wat Im doing, or elts you do jest wat Im doing, pop sed, I know wat the doctor would do, he'd sell me a perscription for 3 dollars that would legally intitle me to pay the druggist a dollar and 75 cents for a few shots of baking powder worth 4 cents, and then my stummock would get better of its own accord jest as it will eny way, old lady Nature is the best doctor, owtch wat a pane, he sed.

Well why should I worry, Im sure its not my pane, ma sed. Wich jest then my sister Gladdis duzzent father feel better yet? My stars, father, you better see the doctor, arent you going to see the doctor?

No, absolutely and finely and politely no, pop sed, and Gladdis sed, O all rite, all rite, if its serious nobody is going to suffer but you.

Thats wat I told him, ma sed, and pop sed, All rite, then for Peet sake stop suffering, both of you, yee gods take a tip from Benny, you dont heer him asking me why I dont go to the doctor.

Well G dizzickers, pop, why dont you go to bed, and the answer it, your going in dubble quick time if I heer another peep out of you. Wich he didnt.

No, absolutely and finely and politely no, pop sed, and Gladdis sed, O all rite, all rite, if its serious nobody is going to suffer but you.

HOW TO OBTAIN SCHOOL SITES

Methods of Acquiring School Lands for Cities That Will Save the Taxpayers' Money

If I were asked to say what I considered the most important thing for a city to do to save money in buying school sites I would reply: "Buy more land."

If you think that is a crazy paradox, just you do this: Go to the city hall or the school board or whoever is in charge of the purchase of lands for schools and compare the prices paid, square foot for square foot, of land bought for new school houses where there was competition and of land bought for playground purposes or on which to build an addition to an old school that was built upon a lot that was too small. Then you will see what I mean by saying that the best way to save money is to buy more land.

In buying land for a school house this ought to be the rule: Get a sufficient quantity of land not only to accommodate the school building, but to allow for future additions and for ample playgrounds.

Stated in another way this rule will read: Get a sufficient quantity of ground so that the appreciation in the price of the land will off-set the depreciation in the building.

I have in mind just now a beautiful new junior high school building erected in the last two years in a city with which I am very familiar. It occupies almost all the lot, one which the city had owned for years. The city was small and decided to put all the school money it could command into that building. The prices asked for land were so much higher than the assessed valuations that the school board and city council were unwilling to buy. So there is a handsome new school without playing fields sending its children out into the streets, and with no hope of the depreciation on the building being made up by the rising value of the land.

I know another junior high school just being finished in another city with whose affairs I am also familiar. The school cost just the same money as the other one I have been talking about. But it built at one end of a tract of seventy acres in the geographical center of that city, bought for no more than might have been paid for a much smaller site, and designed to care for another junior high school, a new senior high school and two athletic fields.

The purchase of that seventy acres out of the proceeds of the school bond issue running thirty years will save its costs to the taxpayers of that city several times over before the bonds are finally paid off.

The next thing after making sure that lands are bought in sufficient quantities, is to see that all possible counsel is taken with respect to the location of sites for school buildings.

I wrote the other day of how a city planning commission had saved one school board a hundred thousand dollars on one school site purchase. The city planning commission ought always to be consulted, and so ought every other agency that is plotting the probable future growth of the city. Especially should the authorities consult the telephone, the electric power and the gas companies. These three public utilities are always planning for the future and they can furnish excellent estimates as to the future growth of the city.

Next the authorities should try to build the new school not in the center of the population now to be served, but in what will be the center say ten years hence. This will mean the opportunity to get cheaper land in many instances, and during the fifty years of the

school building will afford better service. This means sometimes re-siting old buildings, but it is worth it.

The school and city authorities should always co-operation that the future needs of the school system for land in growing sections may be met without expense. Working with the city planning commission and with all public bodies pulling together, the subdivision of new suburban developments almost always can be persuaded to set aside and dedicate land for schools, playgrounds and park purposes. The best suburban developers have found that this pays. The city that does not take advantage of this tendency is foolish.

Finally, the school and city authorities working with the city planning commission and with the public utilities and with such professional agencies as the local organizations of architects and engineers, ought also to employ to the fullest the professional advice of the united and organized craft of real estate men. The realtors acting together will not fail to help.

The business of buying school sites runs into many millions of dollars every year, and it is one place in which the taxpayers' burdens may be lightened by bringing about the co-operative effort of the informed business sense of the community.

Baby Talk

By SHIRLEY RODMAN WILLIAMS

FOR the first weeks of a baby's life his only mode of expression is crying. In the next stage he adds cooing, laughing and "a-da-da" chatter. From thence he enters the stage of self expression by spoken words, but long before the child talks he makes himself plainly understood, sometimes vigorously so! The trained ear of a grown-up almost immediately learns to distinguish between the cries of a wee baby. It picks out the hungry, pain or angry cries and adjusts the little one's comfort accordingly. If the new mother will calm herself and philosophically listen to her baby's cries she will soon learn to distinguish between them and give herself much agony of worry and nerve tension.

OUR new baby is the dearest. But his language is the queerest. He's so very, very little that he doesn't talk at all. He'll be quiet, or unruly. He can sleep and eat most truly. But when it comes to noises he can't sing or snout at all.

Seems that all he does is holler. Daddy says, "I'd give a dollar if he were only big enough to talk a bit to me. But this everlasting crying. There is no use in denying. Is worrisome because it means most anything, you see."

But my Mother understands him. Says she knows what he's demanding. If he's hungry, exercising, or whatever it may be. Which is lucky for our baby. As we'd do the wrong things, maybe. Because his cries all sound alike to Daddy-Man and me!
